

Wider display, wider audience.

SHF Series 37" Stretched Widescreen Digital Signage

Reach more people in a smaller space. The Samsung SH37F stretched widescreen delivers an impactful message in a bright, beautiful 36" wide by 11" high display. You can take full advantage of slimmer areas, whether horizontal or vertical. And with 700 nits brightness, your message will pop, no matter how brightly lit the environment. Enhance the shopping experience for your customers, and connect with them in unexpected new ways. With the Samsung SH37F stretched widescreen signage display.

Key Features

↔ 16:4.5 Stretched Widescreen Display Captures Attention in Minimal Spaces

The stretched 1920 x 540 resolution delivers a brilliant picture in an eye-catching format. With a 37" screen and overall dimensions of 36" wide, 11" high and 1.5" deep, you can take advantage of minimal spaces for maximum impact.

✂ Narrow Bezel Keeps the Focus on Your Image

With a narrow bezel of just 5.7mm on the top and 12mm on the side, all eyes will be on your image.

☀ 700-nit Brightness for Viewing Even in Bright Light

The high brightness of the SH37F makes your message pop from the background, even in brightly lit environments.

👁 Non-glare Panel Makes Messages Easier to See

Messages are easier to see with non-glare, anti-reflective panels that reduce reflection up to 44%. Haze is reduced, text is legible and visuals are stunning.

🔄 Portrait or Landscape Orientation for Flexibility

Take advantage of the slimmest of spaces, whether that space is horizontal or vertical.

🛡 Reliable 24/7 Operation

The SH37F is designed for continuous 24/7 operation, to have lasting impact all day and night.

🎬 Easy Content Management with DP Loop-out and USB Playback

Samsung displays are designed to be simple to use. With DP Loop-out and USB Playback, content management couldn't be easier.
