KEY FEATURES

Superior Virtualization
The Samsung Chromebook 2 provides best-in-class video processing for superior virtualization via Citrix or VMware. VDI support allows you to leverage legacy enterprise applications.

Longer Battery Life
Don't let a dead battery slow you down. With up to 8.5 hours of battery life, you'll always be ready to work, whether you're in the office or on the road.

Faster Performance
Power through presentations and pitches with the speed of Samsung's Exynos 5 Octa 5800 2.0GHz processor. More efficient processing power means more speed and battery life.

Safe and Secure
When you work in the cloud, you work safely and securely. Files are automatically backed up, virus protection is built in, and standard security features include application sandboxing and verified operating system boot blocking.

Best-in-Class 13.3" Display
Samsung is known for outstanding image quality. The Chromebook 2 follows suit, with a best-in-class 250-nit display. The 13.3" screen gives you room for greater productivity, and Full HD resolution gives you sharp text and crystal-clear visuals.

Dedicated Support
Samsung supports business. Our dedicated U.S.-based support offers help specifically for Samsung Enterprise Mobile Solutions. Call 1-866-SAM4BIZ (866-726-4249), then press 4.
