PRODUCT MESSAGING			
Product Title	Long Body Copy	Short Body Copy	Available Colors
24” Built-In Wine Dispenser	The 24” Built-In Wine Dispenser is a balance of design and ingenuity, offering a discrete temperature-controlled, four-bottle wine dispensing and preservation system for the home. Built using argon gas technology, wine stays fresh for up to 60 days without loss of flavor or aroma. Dual temperature zones can keep both red and white wines at their recommended storage temperature for optimal serving. To serve, choose the right wine at the right amount – a taste, half glass or full glass, with a touch of a button.	The 24” Built-In Wine Dispenser offers discrete temperature-controlled, four-bottle wine dispensing and preservation system for the home.	Silver Stainless Graphite Stainless
