SUPPLEMENTAL INSURANCE

Critical Illness Insurance, Accident Insurance, and Hospital Indemnity Insurance

SEA offers Critical Illness, Accidental Injury, and Hospital Indemnity Insurance to all employees. The plans are provided without cost to Cigna HSA Base Plan and Cigna HSA Enhanced Plan participants. Employees who are not enrolled in the HSA Plans are able to elect coverage at an affordable rate. Enrollment in an SEA-sponsored health plan is not required for electing these plans.

These plans provide added financial protection to ease the burden of out-of-pocket expenses – including costs that extend beyond your medical plan coverage, like deductibles, coinsurance and regular bills. Benefits are paid directly to you, in addition to any other insurance coverage you may have, so you can decide how the money is spent.

CRITICAL ILLNESS INSURANCE

Critical Illness Insurance pays a lump sum benefit directly to you if you or a covered family member are diagnosed with a covered condition such as:

· Heart attack · Stroke · Cancer

You can use this benefit any way you choose:

- · Pay for deductibles and coinsurance
- · Replace earnings from being out of work

Coverage Amounts

- Employee enrolled in an HSA plan: A coverage amount of \$5,000 is automatically provided to you at no cost.
- Spouse enrolled in an HSA plan: Automatically covered at 50% of your coverage level.
- Child enrolled in an HSA plan: Automatically covered at 25% of your coverage level.

You will also have the option to purchase a higher level of coverage.

If you are electing coverage for yourself and your dependents on a voluntary basis, the following benefit amounts are available:

- · Employee: \$10,000, \$20,000, \$30,000
- Spouse: Automatically covered at 50% of your coverage level at no additional cost
- Children: Automatically covered at 25% of your coverage level

You must be enrolled yourself in order to cover your spouse or child.

ACCIDENT INSURANCE

Accidents happen. You can't always prevent them, but you can take steps to reduce the financial impact.

Accidental Injury Insurance pays you or your covered dependents benefits for specific injuries and events resulting from a covered accident.

The amounts paid depend on:

- · Type of injury
- · Care received

Benefits may be available for things like:

- · Surgery
- · Physical therapy
- · Lacerations
- · Burns
- · Dislocations and fractures

HOSPITAL INDEMNITY

Even with medical insurance, a hospital stay can cost you thousands of dollars in deductibles and coinsurance.

Hospital Indemnity Insurance pays a benefit directly to you if you or a family member receives hospital care.

Benefit Amounts

- A \$1,000 benefit for being admitted to the hospital
- \$200 for each day you're confined

Additional benefits are paid based on the type of services you receive.

These policies or their provisions may vary or be unavailable in some states. The policies have exclusions and limitations which may affect any benefits payable.

DENTAL & VISION

1-800-877-7195.

SEA offers both Base and Buy-Up Dental Plan options through Cigna. In addition to paying a higher level of benefits for some services, the buy-up plan offers coverage for implants and orthodontia. Dental coverage is not available through Kaiser CA. When you enroll in an SEA Dental Plan, Vision coverage with Vision Service Plan (VSP) is included.*

HEALTH SAVINGS ACCOUNT (HSA)

How do the Cigna Open Access Plus HSA Plans and the Health Savings Account (HSA) work together?

Under the Cigna Open Access Plus HSA Base or Enhanced plans, you will pay the full negotiated rates for all of your health care services (other than preventive). The plans will only begin to pay benefits after the deductible is met.

Here's an example of how the plans would work if you were to visit your <u>In-Network</u> Primary Care Doctor.

BEFORE YOU MEET YOUR DEDUCTIBLE:

Instead of paying a coinsurance, you will pay the full plan allowance (negotiated rate) of your visit to the doctor.

AFTER YOU MEET YOUR DEDUCTIBLE:

You Pay

5

20% of the plan allowance

You will be responsible for 20% of the plan allowance. The plan will pay the remaining 80% of the cost. Coinsurance will apply until the plan's out-of-pocket maximum is met.

Remember! HSA Plan participants receive Supplemental Insurance (pg. 9) at no cost. The plans help with meeting your deductible in the case of serious issues.

You can use your Health Savings Account to pay your health care bill.

You can think of a Health Savings Account (HSA) as a personal savings account used for qualified health care expenses with an impressive tax advantage and investment options. The account is yours to keep - even if you leave SEA. You can only enroll in the HSA if you elect one of the Cigna HSA Open Access Plus plans. Here's how it works:

COMPANY CONTRIBUTION

For those enrolled in the Cigna HSA Plans, SEA will contribute funds (amounts below) to your account on a quarterly basis.

YOUR HSA

PAY EXPENSES

You can use your HSA to pay for eligible medical, Rx, dental and vision expenses on a tax-free basis.*

A full list is available at www.irs.gov.

YOUR TAX-FREE CONTRIBUTION

You can contribute funds from your paycheck before taxes are taken out (up to the yearly IRS limits).

SAVING FOR THE FUTURE

You can also save your funds for the future and allow them to earn interest.

How much	Per Year, SEA Contributes		Per Year, You C	Maximum	
can you contribute?	Cigna Open Access Plus HSA Base	Cigna Open Access Plus HSA Enhanced		Cigna Open Access Plus HSA Enhanced	Contribution Amount

^{*} References to taxes are at the federal level. State tax rules may vary.

 $[\]star\star$ Employees who reach age 55 by the end of the year can contribute an additional \$1,000.

FLEXIBLE SPENDING ACCOUNTS (FSAs)

Flexible Spending Accounts (FSAs) enable you to put aside money for important expenses and help you reduce your income taxes at the same time. SEA offers a Regular Health Care FSA, a Limited Purpose Health Care FSA (for Cigna Open Access Plus HSA Plan participants only), a Dependent Care FSA, and a Commuter Benefits FSA. These accounts allow you to set aside pre-tax dollars to pay for certain out-of-pocket health care, dependent care, or commuting expenses.

How the Health Care and Dependent Care FSAs Work

- 1. During your enrollment, you decide how much to set aside for health care and/or dependent care expenses. Your contributions are deducted from your paycheck on a beforetax basis in equal installments throughout the calendar year.
- 2. As you incur health care or dependent care expenses throughout the year, you can pay for expenses out-of-pocket and then submit a claim to be reimbursed from your account. A Health Care FSA allows you to be reimbursed up to the amount you elected to deposit for the year even if you have not yet made the full contribution to your FSA. A Dependent Care FSA allows you to be reimbursed up to the amount that has been deposited into your FSA at the time you request reimbursement. The Health Care FSAs include a debit card from WEX that you can use to pay for expenses at the point of sale. If you use this card, you will not have to submit your claims manually.

Please note that these accounts are separate. You cannot use money from the Health Care FSAs to cover expenses eligible under the Dependent Care FSA or vice versa.

How the Commuter Benefits FSA Works

- During your enrollment, you choose how much to set aside for monthly qualified, work-related transit and parking expenses. Contributions are made to your account before taxes are taken out.
- 2. You can use your Commuter Benefits debit card to make purchases against your transit and/or parking plan accounts. If you enroll in one of the Health Care FSAs, you will use the same debit card. Claims for reimbursement must be submitted within 180 days from the last day of the month in which the expense was incurred.

We know it's difficult to predict commuter expenses for 2023. The good news is that you may start, stop or modify your commuter elections at any time during the year.

Use It or Lose It

Be sure to calculate your expenses carefully when making your FSA elections. IRS regulations require that you forfeit any money left in your account after March 15, 2024. You have until March 31, 2024 to submit claims for expenses to be paid from your 2023 FSA. Commuter and Parking Benefits terminate midnight on the day you terminate employment, or no longer participate in the Plan. You will have 90 days from termination to submit for reimbursement.

YOU MUST ACTIVELY RE-ENROLL IN THE FSAs EACH YEAR. YOU ARE NOT AUTOMATICALLY RE-ENROLLED.

PLAN	ANNUAL MAXIMUM CONTRIBUTION**	EXAMPLES OF COVERED EXPENSES
Regular Health Care FSA	\$3,050	Copays, deductibles, orthodontia, over-the-counter medications, etc.*
Limited Purpose Health Care FSA	\$3,050	Dental and vision expenses only
Dependent Care FSA	\$5,000 (\$2,500 if married and filing separate tax returns)	Day care (dependents under 13), nursery school, elder care expenses, etc.*
Commuter Benefits FSA	\$300/month for mass transit \$300/month for parking	Work-related transit and parking expenses (tolls not included)

^{*} See IRS Publications 502 and 503 for a complete list of covered expenses.

^{**}Non-discrimination testing results for FSAs may require lowering your annual election mid-year.

The percentage of pay replacement (66 3/3%, 75%, or 100%) is based on years of service. Short-Term Disability benefits work in conjunction with state disability benefit plans where applicable.
Long-Term Disability	After 26 weeks of disability, you may be eligible for Long-Term Disability. The benefit pays 60% of your monthly earnings up to a maximum of \$15,000/month. Benefits may end at age 65, or after 24 months for mental and nervous conditions. The benefits are subject to offsets such as Social Security and Workers' Compensation.

Supplemental Short-Term Disability*

Take the opportunity to increase your Short-Term Disability coverage! Our supplemental Short-Term Disability plan gives employees with less than 15 years of service the option to elect up to 100% of pay replacement for up to 26 weeks.

Your rate will be a percentage of your salary, based on your years of service. See the Contribution Sheet at the end of this guide for details.

These policies or their provisions may vary or be unavailable in some states. The policies have exclusions and limitations which may affect any benefits payable.

^{*}At 15 years of service this Plan will terminate and you will receive 100% of replacement pay from SEA.

PERMANENT LIFE INSURANCE WITH LONG TERM CARET

Our Permanent Life Insurance plan from Transamerica can help to protect your family's quality of life - after you're gone or while you're still living.

What makes Permanent Life Insurance different?

- **Permanent Coverage**: As long as the cost-effective premium payments are maintained, the policy never expires, and the premium always remains the same.
 - · Locking in a lower premium now will help you save money in the future.
- Living Benefits: The Accelerated Death Benefit (ADB) for Chronic Condition Rider is an added feature to help if you are diagnosed with a chronic condition that is expected to be permanent.
 - · Benefits can be used to pay for any expenses you may have:
 - · Household or credit card bills
 - · Costs for an assisted living facility or for care provided by a loved one such as a spouse or child.
 - · There are no restrictions on how you use the benefits.

Additional Plan Features:

- Guaranteed Acceptance: No physical exams or health questions are required for newly eligible employees and spouses.
- Coverage Options: You can purchase coverage for yourself and your spouse that includes the accelerated benefit for chronic conditions. A child term rider is also available.

Employee: \$20,000 - \$100,000 benefit, not to exceed 5x your base salary

Spouse: \$10,000 - \$30,000 benefit

Child Term Rider: \$10,000 term life benefit is available for children up to age 26. This is not permanent life insurance and the coverage will terminate at age 26.

Long-term care costs have skyrocketed in recent years.

Paying for care on your own is costly, and 60% of us will need some form of long-term care services.*
Plan ahead for a sound financial strategy.

Electing this plan instead of traditional long-term care coverage will allow you to use benefits as you wish – pay a family member for care, purchase groceries, pay for utilities and more.

- Cash Value: This policy builds cash value, which you can eventually use to buy a paid-in-full policy with no more premiums due or take out a loan against the cash value on the policy.
- Portable Coverage: You can take this coverage with you if you change jobs or retire.
