A grounded 220/240 volt outlet ready
Make sure the location selected for your new dryer has a grounded, dedicated 220/240 volt electrical outlet, protected by a 30 amp circuit breaker or a time-delay fuse. Otherwise, an electrician will need to install the correct outlet before delivery.
Pedestals must be purchased with your order Pedestals are a laundry accessory used to raise the height of washers and dryers. Pedestals cannot be installed unless the pedestal is purchased at the same time and on the same order as the dryer.
The installation team will not install a washer or dryer on an existing (old) pedestal.
