Carpet: Shows how much surface litter (cereal, rice, sand, and pet hair) the vacuum picked up from a medium pile carpet.

Bare floors: Indicates the vacuum's ability to remove surface debris from a bare vinyl floor.

Ease of use: A composite score that includes bin capacity, remote control usability, clarity of instruction manual, and ease of emptying the dirt bin and cleaning the filter.

Navigation: A composite score that includes run time, clearance under furniture, obstacle and entrapment avoidance, and ability to return to the charging base.

Noise: The scored measure of a models' sound level.
