

# The all-in-one wireless solution that connects with your customers.

NCR Silver Quantum®, powered by the Samsung Galaxy Tab A 10.1", is more than simply a point of sale device. It's the ultimate all-in-one commerce station, delivering customer engagement, business insight and multiple payment options. With a sleek, all-in-one design, it comes pre-loaded with NCR Silver software, to help you manage your business and retain more customers. The integrated Android-based Samsung Galaxy tablet features Samsung Knox™ to ensure customer and sales data is protected, while Knox Configure makes deployment of custom interfaces simple. Offering a customer-facing display as well as the merchant-facing Samsung Galaxy Tab A, there's no pivoting or swiveling involved. Unprecedented battery life means cord-free operation of up to 10 hours when desired. And customers can pay via credit card, debit card or through a mobile wallet like Samsung Pay. It's the compact, all-in-one solution designed to build your business.

Samsung Knox Enterprise-Grade Security

Samsung Knox Configure for a Custom Interface

### NCR Silver Quantum Powered by Samsung Galaxy Tab A 10.1"

#### All-in-One Solution: Software, 7" Customer Interface and Galaxy Tab A 10.1" Employee Interface

Powered by the latest version of Android, NCR Silver Quantum features powerful software that delivers inventory management, sales reporting, marketing support and more. The 7" customer interface displays prices, promotional messages and branding, while the integrated Samsung Galaxy Tab A 10.1" offers a large, 1900 x 1200 resolution merchant interface.

#### Clean, Cordless Design with Long-Lasting Battery

The sleek, clean design enhances the look of any retail environment. Dual screens mean no swiveling or pivoting, while the Samsung Galaxy tablet's integrated Wi-Fi and Bluetooth connectivity mean no cords or cables. The integrated battery delivers up to 10 hours of cordless operation when desired.

#### Multiple Payment Options Include Magstripe, EMV and NFC

Customers can pay the way they feel most comfortable. The NEC Silver Quantum with Samsung Galaxy Tab A supports magstripe credit/debit cards, EMV chip credit/debit cards and NFC wireless options such as Samsung Pay. Samsung Pay mobile wallet can store virtually any card with a barcode, so customers will always have their loyalty and membership cards with them, as well as any gift cards they'd like to redeem.

#### USB and Ethernet Ports to Connect Printers

Four USB ports (Type B and C) let you connect external receipt printers or other devices. The RJ45 jack lets you connect to your network with an ethernet cable.

#### Built-In Scanner for Loyalty Programs (Dependent on Software Compatibility)

No need for punch cards that constantly get lost. The built-in loyalty scanner keeps track of customer information, points and discounts.

#### Samsung Knox™ Enterprise-Grade Security

Samsung Knox keeps customer data safe and secure with multi-layered device protection.

#### Samsung Knox Configure for a Custom Interface

Samsung Knox Configure delivers remote custom configuration, so you can tailor NCR Silver Quantum to your specific business needs.

Merchant Interface - Galaxy Tab A 10.1"
