WAM5500 R5 RADIANT360 SPEAKER

PRODUCT HIGHLIGHTS

- 360º of rich, balanced sound with Ring Radiator Technology
- Multiroom Compatible
- Bluetooth®
- OLED Display
- Tap and Swipe Speaker Top for Easy Control

KEY FEATURES

RING RADIATOR TECHNOLOGY

Experience exquisite audio with incredible warmth and detail from any corner of the room. With our Ring Radiadiator technology, dual acoustic lenses transmit sound out of the speaker in a 360° direction, no matter where the speaker is placed in the room.

INTERNET RADIO[1]

Enjoy your favorite music streaming services, as well as audio from your mobile device. Control the Radiant360 and connect to your multiroom entertainment system via WiFI.

BLUETOOTH® 4.0

Connect your Radiant360 Speaker with Bluetooth® for seamless wireless control from compatible devices. Use your Radiant360 Speaker as a Bluetooth® 4.0 speaker to stream music from your smartphone, tablet, or computer.

MULTIROOM COMPATIBLE

Add additional Samsung Multiroom speakers to play one song in one room, different songs from different sources in each room, one song across all speakers, or any combination that fits your mood. All simply controlled through the Samsung Multiroom app.

TV SOUNDCONNECT

Wirelessly connect your Radiant360 Speaker to your TV for a clutter-free home entertainment system. TV SoundConnect lets you instantly enjoy movies, music, and TV shows with clearer, more impactful sound.

MUSIC SERVICES:

Milk Music, Pandora, TuneIn, Rhapsody, Amazon Cloud Player, iHeart Radio, Rdio, 8tracks, Spotify, 7 digital, Murfie, and more are available using the Samsung Wireless Multiroom App.[2]

EASY TAP AND SWIPE CONTROL

Navigating your music is easy with the intuitive top panel interface. Simply tap to control playback, swipe to play the next/previous track*, and touch Mode to toggle between Wi-Fi, Bluetooth, and TV SoundConnect. The LED display lets you know the device's status.

[1]Internet connection required
[2]Services may vary by country and are subject to change without notice
*Next/Previous function may be limited according to CP (content provider) services.
