---

1 Direct Full Array Numerical Index based on backlighting, antireflection and contrast enhancement technologies. 2QLED televisions can produce 100% Color Volume in the DCI-P3 color space, the format for most cinema screens and HDR movies for television. 3Background feature accuracy may vary based on TV location and is dependent on wall designs, patterns and/or colors. SmartThings app on a mobile device (Android, iOS) is required for some functionality. App features may be limited at launch; please continue to check for updates. 4Built-in Google Assistant may not yet be available at the time of purchase of this product. 5HDMI—CEC (Consumer Electronics Control) facilitates convenient control functions with compatible devices. ⁶Requires third-party control system installation. See www.samsung.com/us/business/custominstall.
The Terrace

KEY FEATURES (page 1 of 2)

PICTURE

Outdoor-Optimized QLED Picture
High-quality 4K QLED picture engineered to look incredibly vivid and bright, especially in daylight.

Wide Viewing Angle with Anti-Glare
Engineered to reduce glare, get a great picture from every seat.

Direct Full Array 16X
Precision-controlled backlights offer deeper contrast for richer blacks and brighter whites.

Quantum HDR 32X
Our best HDR picture where brilliant color and the deepest, darkest details combine to deliver mesmerizing realism.

Quantum Processor 4K
This powerful processor uses deep-learning AI to transform everything you watch into stunning 4K.

100% Color Volume with Quantum Dot
Quantum Dots produce over a billion shades of color that stay true to life, even in bright scenes.

Real Game Enhancer™
Engineered to make the TV and gaming console work seamlessly together to reduce lag, tearing and stuttering.

Motion Rate 240
Minimizes motion blur on-screen so action-packed movies and sports stay smooth and crisp.

Adaptive Picture™
Your TV reacts and adjusts to the lighting conditions around it.

HDR Formats Supported
HDR10 (Static MetaData), HDR10+ (Dynamic MetaData), HLG (Hybrid Log Gamma). All Samsung 4K UHD TVs also meet the CTA HDR-Compatible Definition.

DESIGN

Weather-Resistant Durability IP55 Rated
Resistant to extreme temperatures and best-in-class IP55-rated for weather-resistant durability against water and dust.

Sunlight Conditions
The Terrace is designed for placement and use in outdoor shaded environments. The TV can be partially exposed to ambient/non-direct sunlight but direct sunlight should be avoided.

SMART FEATURES

Smart TV Powered by Tizen
Go beyond smart TV with next-gen apps, super-easy control and a host of enhancements that elevate the TV-watching experience.

Universal Guide
One simple on-screen guide organizes your streaming and live TV content while also making recommendations.

Ambient Mode+
Elevates your space by turning a blank screen into décor, artwork, pictures or other visuals.

Multiple Voice Assistants
Built-in Alexa, the Google Assistant and Bixby voice assistants let you control your TV with your voice, get information and do so much more.

TV Plus
Enjoy your favorite content through virtual channels.

Mobile View
Easily send smartphone content to your TV to simultaneously display live and casted content, share photos or visualize music.

Samsung OneRemote
The sleek and slim OneRemote automatically detects and controls all compatible connected devices and content.

SmartThings Compatible
Experience more than TV, with a dashboard for seamlessly controlling your smart home devices and appliances.

Samsung OneRemote TM-2095A (Metal)

OPTIONAL ACCESSORIES

The Terrace Dust Cover

INDUSTRY CERTIFICATIONS

4K Ultra HD Connected
All Samsung 2020 4K UHD and QLED televisions comply with the CTA 4K Ultra High-Definition Connected definition requirements. The trade organization known as the Consumer Technology Association (CTA™) is considered an industry authority on engineering standards for consumer electronics in the United States. Visit www.cta.tech for more information.

HDR10+
HDR10+ advances the current industry standard of High Dynamic Range (HDR) and HDR10 TV formats. As an upgraded version of HDR10, HDR10+ adds dynamic metadata to each frame. This optimal HDR data enables advanced chipsets from leading manufacturers to create a true-to-life picture across a wider range of displays.

INSTALLATION GUIDE

To inform Custom Installers how to install The Terrace avoiding direct sunlight,

1. The Terrace must be placed in a fully shaded or partially shaded environment with exposure to indirect or ambient sunlight only.
2. Do not install the TV in a recessed space.
3. For proper ventilation to regulate the temperature of the TV, the distance between the TV and wall must be 1.5 inches or more.

Sunlight barrier is necessary to protect the TV screen from possible exposure to direct sunlight. The distance between the TV and the barrier must be 7.87 inches at least.

1) Planning the location not to be exposed to direct sunlight

![Diagram showing locations to avoid direct sunlight]

2) No installation in a recessed space

![Diagram showing wall and outdoor TV]

*It cannot be installed in a recessed space.

3) Providing proper ventilation for your TV

![Diagram showing sunlight barrier and ventilation]

※ Length of sunlight barrier must be the same as or longer than the height of the top of the TV. For example, the top of the TV is four feet away from the ground, which means the sunlight barrier must be four feet or longer.
