Business Essential Monitor S43GC

LS24C43GANXZA | LS27C43GANXZA

Stay productive, stay comfortable.

Samsung's S4 Series Monitor features multiple inputs including an all-new Display Port. Get more done faster, from connecting with colleagues during video calls to working on creative projects. Experience vivid colors across the entire screen with the IPS Panel, even when shifting angles. Featuring 100Hz refresh rate so you won't miss a thing, even with fast-paced workdays. AMD FreeSync™ keeps monitor and graphics card in perfect sync, reducing image tearing. TÜV-certified technology reduces eye strain, and the ergonomically designed height-adjustable monitor creates a comfortable environment in which to work and play.

Key features

Vivid colors across the whole screen

Experience gorgeous colors across the entire display with the IPS panel. Colors remain bright and clear across the screen, even when you change viewing angles. Tones and shades are represented consistently and beautifully with less color shift.

Consistently smooth performance across all content

Stay on track while conducting hybrid meetings or working on creative projects. The 100Hz refresh rate reduces lag and motion blur so you don't miss a thing in fast-paced moments.

Versatile connectivity

Connect to more. With HDMI and Display Port, you can connect to various devices with increased flexibility, making your computing environment even more convenient and efficient.

Keep it easy on the eyes

Care for your eyes and stay comfortable, even during work hours. Advanced eye comfort technology certified by TÜV reduces eye strain by minimizing blue light and reducing distracting screen flicker.

Stay in sync with the action

AMD FreeSync™ keeps your monitor and graphics card refresh rate in sync to reduce image tearing. View content and get work done without interruptions.

Specifications
