

Accelerate your business without compromise.

Introducing Galaxy A50. The smartphone your business has been waiting for.

Designed for the way you work, the Samsung Galaxy A50 is the smartphone you've been looking for. Go all day and into the night with a high-capacity, long-lasting, fast-charging battery.¹ Capture all meeting notes or entire project sites with the Galaxy A50 multi-lens camera. And elevate your mobile productivity with a large 6.4" Infinity Display² that delivers a clear, edge-to-edge view.

Mobile Performance

Go Longer, Power Up Quickly With an all-day battery that lasts up to 35 hours¹, the Galaxy A50 keeps up with your fast pace, from early morning meetings to late-night client dinners. When you're ready for a boost, power back up quickly with Fast Charging.

Edge-to-Edge in the Palm of Your Hand Be drawn into the brilliant 6.4" Super AMOLED screen with a captivating edge-to-edge display.² Enjoy increased mobile productivity, made to fit easily in your palm.

Simple User-Friendly Interaction Get right to what you want when you want it with one hand, thanks to the user-friendly interface. It's designed to make interacting with your phone's large screen easier. And info and meeting reminders pop up automatically.

Best of Both Worlds The Galaxy A50 gives you both a 3.5mm headphone jack and Bluetooth 5.0 connectivity³.

Three Ways to Shoot Three cameras capture life as you go. Fit more of your world in the shot or capture moments in different lighting. Your day shots stay crisp, and your night shots pull in more light for sharp detail and less noise. You can even make your subjects stand out by adding background blur. Capture more of what you see in every shot, thanks to an ultra-wide 123° field of vision that lets you fit everything in one picture.

Present Your Best Self Present a professional image, day or night. The 25MP front camera gives you vivid day shots, and draws in more light when it's dark for clear night shots.

Made for Business

Don't Worry, Keep it All With 64GB of built-in memory, you can store your documents, meeting notes and data without having to delete anything to make room. If you need more space, simply expand your memory up to 512GB with an optional microSD card⁴.

Jump Seamlessly from Access Point to Access Point Connect seamlessly from access point to access point with Wi-Fi 802.11 r/v/k support. It's ideal for the mobile enterprise worker.

More Ability to Do More Do more of your everyday tasks quicker with 4GB of RAM. Perfect for the overachiever.

Security and Control

Your Fingerprint is the Key Unlocking your Galaxy A50 is as easy as touching the screen. The in-display fingerprint scanner lets you, and only you, press and unlock your phone in one easy move.⁵

Defense-Grade Security for an Open World The Galaxy A50 is protected by Samsung Knox, our defense-grade security platform built from the chip up. No matter where you and your team go or what you do, you can be sure your business' data stays secure with superior protection that's easy to manage.

Open Customization Meets Management Control From device configuration, enrollment and management to advanced mobile security controls and updates, Samsung has the mobility software and enterprise mobility services you need for every stage of the device lifecycle.
