

More work with no compromise.

Samsung field-ready devices are built to withstand the challenges of the real world. Rain or shine, gloved hands or not, you can work seamlessly everywhere.

Work Any Place, Any Time
MIL-STD-810G and IP68-rated devices will give you the confidence to tackle any job in any conditions.

Do More with a Single Device
Capture worksite comments, view pictures in high resolution and access key line of business applications from the field.

Secure, Compliant and Customizable
Secure from the chip up with Samsung Knox,¹ plus access to a rich, third-party ecosystem for task customization.

See samsung.com for detailed information. HHP-RUGGEDPLACEMAT-APR20T
¹For the full list of Knox certifications, please visit samsung.com/knox. ²This device passed military specification (MIL-STD-810G) testing against a subset of 20 specific environmental conditions, including temperature, dust, shock/vibration, and low pressure/high altitude. Device may not perform as shown in all extreme conditions. ³Water-resistant in up to 5 feet of water for up to 30 minutes. ⁴Accessories and monitor sold separately. Using a genuine Samsung HDMI adapter or cable qualified for Samsung DeX is recommended. Cable is sold separately and some functions may differ from DeX Pad. Certain apps may not run or may require license (for purchase) on Samsung DeX. ⁵Total amount of available memory may be less based on configuration. ⁶Portion of memory occupied by existing content. ⁷MicroSD card sold separately. ⁸Based on average battery life under typical usage conditions. Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and voice, data, and other application-usage patterns. Results may vary. ⁹LTE requires data plan, check with your carrier for availability and pricing.
