

Do more than ever before.

Samsung enables workers to do more. Whether the goal is to improve a team's mobility, productivity or safety in the field, Samsung offers a smartphone for every job.

Complete Portfolio Samsung mobile devices for business include entry-level, mid-tier, phablets, ruggedized devices and the unmatched Galaxy Note.

Security and Simplified Manageability Galaxy devices feature defense-grade Samsung Knox¹ and support for leading MDM solutions.

Advanced Carrier Network Features Support Enables leading mobile app speed and performance, and the most reliable voice and data communications.

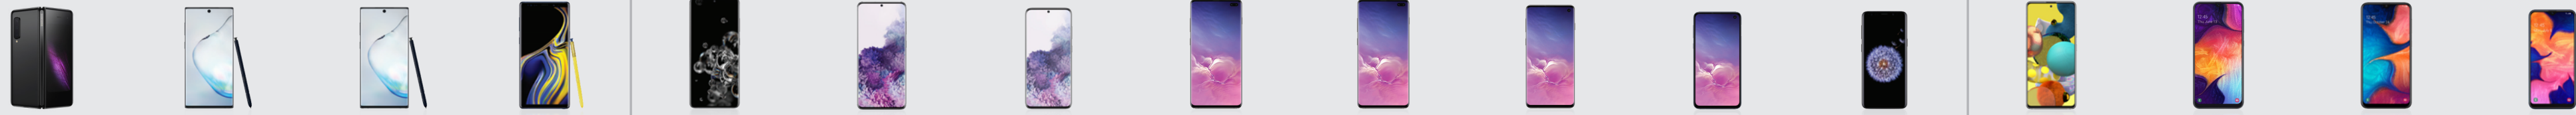

Cutting-Edge Form Factors, Sleek Designs Galaxy devices offer the most advanced display, imaging, video, sensor, and audio technologies, for a broad range of business applications.

Android Operating System Support Galaxy devices support the latest Android releases and features.

Productivity Apps and Services Our expansive set of offerings includes Email, Calendar, Messaging, Samsung DeX² (not available on every Galaxy device), Bixby, Samsung Pass, Samsung Connect, Samsung Cloud, Samsung Pay and more.

¹For the full list of Knox certifications, please visit samsungknox.com. ²Samsung DeX requires a compatible operating system and cable. See samsungdex.com for operating system and cable compatibility. Accessories and monitor sold separately. ³Screens measured diagonally as a full rectangle without accounting for the rounded corners. ⁴Requires a Microsoft account. ⁵Water-resistant in up to 5 feet of water for up to 30 minutes. Rinse residue and dry device after getting it wet. ⁶Requires optimal 5G connection; see carrier for network availability. ⁷Based on average battery life under typical usage conditions. Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and other application usage patterns. Results may vary. ⁸Wireless charging pad sold separately. ⁹Wireless charging compatible with WPC and PMA. ¹⁰When using included charger and cable. ¹¹Works with Qi-compatible Samsung devices (compatibility with non-Samsung Qi devices not guaranteed). Speed and power efficiency of charge varies by device. ¹²Total amount of available memory may be less based on configuration. ¹³Portion of storage occupied by existing content. ¹⁴MicroSD card sold separately. ¹⁵Third-party screen protectors can interfere with Ultrasonic Fingerprint ID. Do not use a third-party screen protector when registering fingerprints. If applying a screen protector, confirm that it is compatible with Ultrasonic Fingerprint ID. ¹⁶Additional features may vary by mobile operator. ¹⁷Not a medical monitoring/diagnostic device. Accuracy of data provided by this device and related software, including heart rate readings, may vary based on environmental/skin conditions, settings/user input, activities performed, and other end-user interactions. For more information, see samsung.com/us/heartatsensor and in-app disclosures. ¹⁸Available on previous Galaxy series when upgraded to Android Galaxy 10.
