

# Collaboration for the deskless workforce.

## Presenting the Galaxy XCover Pro / Orion Voice-First, Multi-Modal Solution

A ruggedized mobile device with a dedicated Push-to-Talk button. Orion and Samsung bring you a critical solution to improve productivity and strengthen worker safety and compliance for teams operating in harsh environments. Far superior to radios, the Orion-powered Galaxy XCover Pro allows workers to stay heads-up, communicate via voice, text, photos and videos, and with a push of the dedicated PTT button, enables them to speak instantly to their team. SOPs and emergency responses can be voice-activated and automated, increasing safety and team productivity.

### Why this solution?

#### Ideal for Harsh Environments

The ruggedized Samsung Galaxy XCover Pro is IP68-rated water-resistant<sup>1</sup> and Mil-Spec drop-tested<sup>2</sup>. And its PTT button and touch screen can be operated while wearing gloves.

#### Allows Heads-Up Response

Voice activation and automated processes increase worker safety and efficiency.

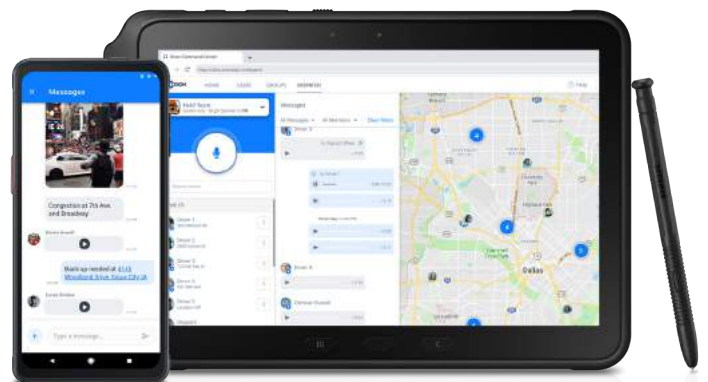

#### Amplifies Worker Intelligence

The connected multi-modal device allows instant access to systems and SMEs.

#### Limitless Scalability

Connect with via LTE, private LTE (CBRS) or Wi-Fi.

The Orion-powered Galaxy XCover Pro and Galaxy Tab Active Pro offer improved safety and productivity to the deskless workforce.

## Orion is the new collaboration standard for the deskless workforce.

### Amplify Team Member Intelligence

- Augment employee intelligence with the touch of a PTT button and instant access to knowledge bases.
- Edge-delivered information.
- Turn deskless workers into a truly connected workforce.

### Process and Workflow Automation

- Automate multi-step processes and workflows.
- Digitize safety alerts and other dynamic tasks.
- Allow employees to focus on higher-value tasks.

### Analytics for Next-Level Best Practices

- Unearth unique deskless operations data.
- Each message stream, its metadata and more are captured to become information, which becomes intelligence.
- Better intelligence results in more informed decisions.

Orion provides the ideal voice-first solution when paired with the Galaxy XCover Pro, as well as the Galaxy XCover FieldPro and Galaxy Tab Active Pro rugged devices.
