

The flagship smartphones, the future of business

Maybe you want to go beyond the typical. Maybe you want to collaborate on a larger scale. Samsung flagship smartphones offer features that make business even better than imagined.

Large screens, folding screens

A large screen provides room for the biggest ideas. And with innovative folding glass, Samsung makes large form factors more compact than ever before.

S Pens add versatility

Jot down a quick idea. Sketch a design and instantly share it. S Pens (optional with the Galaxy Z Fold3) give you another way to capture every opportunity.

Greater control and connectivity with Microsoft and Google integration

Integration with Microsoft and Google ecosystems means work gets done more easily while on the move, while also keeping work and home lives in sync.

Series			Ultra-Premium Series: Galaxy Foldables

¹DEX: Wireless DeX can be activated with or without a cable only on supported monitors. Accessories and monitor sold separately. DeX can be activated on some models via keyboard cover, sold separately. DeX may also be possible using an HDMI adapter, multi-port adapter or cable. Using a genuine Samsung HDMI adapter or cable qualified for Samsung DeX is recommended. Certain apps may not run or may require additional licenses on Samsung DeX. ²INTEGRATED MICROSOFT: Microsoft Office license required for purchase to edit Excel, Word or PowerPoint documents. License sold separately. ³SCREEN SIZE: Actual viewable area is less due to rounded corners. ⁴BATTERY: Based on average battery life under typical usage conditions. Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and voice, data, and other application-usage patterns. Results may vary. ⁵RAM MEMORY: Total amount of available memory may be less based on configuration. ⁶INTERNAL MEMORY: Portion of memory occupied by existing content. ⁷EXTERNAL MEMORY: MicroSD card sold separately. ⁸5G CAPABLE: Requires optimal 5G connection. Actual speed may vary depending on carrier and user environment. ⁹KNOX: For the full list of Knox certifications, please visit samsungknox.com.

The S series: Where mobility and collaboration meet

Business is no longer done solely around the water cooler or even in the boardroom. Mobility is more important than ever. Our most popular series is built for the challenges of today’s ever-changing business landscape.

From startups to enterprise
Mobility is no longer simply an option for any business that wants to compete. Samsung S series phones are ideal for every professional, up through the highest levels of an organization.

Keep connected with Microsoft and Google integration
With integrated Microsoft and Google ecosystems, you can get work done virtually wherever you are.

DeX lets you do more on the big screen
Wireless DeX connects to a TV or monitor wirelessly, allowing you to easily use your phone apps on a large screen.

Actual battery life depends on factors such as network, features selected, frequency of calls, and voice, data, and other application-usage patterns. Results may vary. ⁴FAST CHARGING/SUPER-FAST CHARGING: When using the appropriate charger and cable, may be supplied or sold separately. ⁵MIL-STD-810G: This device passed military specification (MIL-STD-810G) testing against a subset of 21 specific environmental conditions, including temperature, dust, shock/vibration, and low pressure/high altitude. Device may not perform as shown in all extreme conditions. See user manual. ⁶IP68: Water-resistant in up to 5 feet of water for up to 30 minutes. ⁷TOUCH: Enhanced touch and glove touch capabilities function with thin gloves. May not function with all gloves. ⁸MPOS: mPOS functions as intended with NFC-enabled contactless credit cards only, and compatible back-end processing systems. ⁹SCREEN SIZE: Actual viewable area is less due to rounded corners. ¹⁰RAM MEMORY: Total amount of available memory may be less based on configuration. ¹¹INTERNAL MEMORY: Portion of memory occupied by existing content. ¹²EXTERNAL MEMORY: microSD card sold separately. ¹³KNOX: For the full list of Knox certifications, please visit samsungknox.com. ¹⁴ULTRASONIC FINGERPRINT SENSOR: Third-party screen protectors can interfere with Ultrasonic Fingerprint ID. Do not use a third-party screen protector when registering fingerprints. If applying a screen protector, confirm that it is compatible with Ultrasonic Fingerprint ID. ¹⁵5G CAPABLE: Requires optimal 5G connection. Actual speed may vary depending on carrier and user environment. ¹⁶SAMSUNG HEALTH: Not a medical monitoring/diagnostic device. Accuracy of data provided by this device and related software, including heart rate readings, may vary based on environmental/skin conditions, settings/user input, activities performed, and other end-user interactions. For more information, see samsung.com/us/heartratesensor and in-app disclosures. ¹⁷QUICK SHARE: Available on previous Galaxy series when upgraded to Android Galaxy 10.

The A series: Business innovation for all

Innovation should be available to all businesses, regardless of budget. The Galaxy A Series smartphones feature core features designed to help every business take advantage of all the benefits a digital workforce can provide.

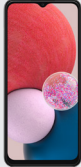

From budget to premium budget
The Samsung A series offers entry-level features, as well as more advanced features like dust- and water-resistance and 5G connectivity.

Modern designs that only look expensive
The Samsung A series offers clean lines and tasteful finishes, to lend style to every business task.

Count on Samsung reliability
The A Series is affordable, but completely reliable when it comes to your work tasks.
