Alabama K-12 Joint Purchasing Information Technology Program

Invitation to Bid

ITB: ALJP2016

Montgomery County School System

Participating Local Education Agencies & Educational Institutions

Alabama State Department of Education, Administrator

Handwritten initials, possibly 'AS' or 'ASD', written in black ink over a horizontal line.

1 **GENERAL REQUIREMENTS AND INFORMATION**

2 In accordance with the [Title 16 Chapter 61E of the Code of Alabama 1975](#), the Alabama State Department of
3 Education is seeking bids for Information Technology for Hardware, Software and related product lines equal to
4 or equivalent to those product lines listed in this ITB. The law defines Information Technology as “Equipment,
5 supplies, and other tangible personal property, software, services, or any combination of the foregoing, used to
6 provide data processing, networking, or communications services.” Participating educational institutions
7 include the Montgomery County School System, Alabama Public Local Education Agencies, and all Educational
8 Institutions as defined by this law. These Educational Institutions have agreed, in writing, to participate in a joint
9 purchasing program and have named the Alabama State Department of Education as the Administrator of the
10 project. [Title 16 Chapter 61E](#) and [Title 16 Chapter 13B of the Code of Alabama 1975](#) are considered the guiding
11 documents in the creation and administration of this bid and resulting contract(s).

12 The Alabama State Department of Education is seeking a bid response based on a percent off a pre-established
13 Product Line Product Offering and Base Pricing list for the product line(s), or equivalent product lines, listed
14 within this document, from vendors that hold current ISO 9001 certification. Resulting contract(s) from this bid
15 will be available for a period that does not exceed 36 months, or to the extent law allows. The initial period of
16 the contract(s) will be 12 months. The resulting contract may be renewed annually via notification sent to the
17 Contract Holder. The Alabama State Department of Education reserves the right to adjust the contract end date
18 to meet the needs of the participants and various known programs such as the E-Rate Program. Notification of
19 non-renewal or adjusted contract end dates should be provided 30 days prior to the effective date.

20 **ROLES AND RESPONSIBILITIES**

21 **Joint Purchasing Parties**

22 Title 16 Chapter 61E of the Code of Alabama 1975 (16-61E-2-(2)) states that “Educational and eleemosynary
23 institutions governed by boards of trustees or similar governing bodies, state trade schools, state junior colleges,
24 state colleges, or universities under the supervision and control of the State Board of Education, city and county
25 boards of education, district boards of education of independent school districts, Department of Youth Services,
26 the Alabama Institute for Deaf and Blind, the Alabama School of Fine Arts, and the Alabama School of Math and
27 Science.” All educational and defined eleemosynary institutions that meet this definition may be eligible to
28 participate once a joint purchasing agreement has been properly executed. A list of these participating entities
29 is available at <http://aljp.alsde.edu> .

30 **Alabama Public Local Education Agencies**

31 The Montgomery County School System has agreed to initiate the process in the role of Party A of the joint
32 purchasing agreement. The agreement has been entered into by the remaining public K-12 Local Education
33 Agencies and other educational institutions as defined above, also known as Local Education Agencies, each is
34 considered as Party B in the agreement. The Montgomery County School System and these educational
35 institutions will be hereafter referred to as “LEA Group.” Only the LEA Group may purchase from the resulting
36 contract(s) of this bid. All current and developing public K-12 county and city Local Education Agencies
37 recognized by the Alabama State Department of Education are considered participants in the LEA Group unless
38 documentation is received from the potential participant declining participation. Participation by the LEA Group
39 Members through purchasing from any contract(s) resulting from this ITB is optional.

40 **Other Purchasing Parties**

41 Per Title 16 Chapter 61E of the Code of Alabama 1975, universities, state colleges, and certain eleemosynary
42 organizations have also elected to participate. These entities are required to complete a joint purchasing

43 agreement prior to participation. [Click here](#) to find list of all participants or browse to <http://aljp.ALSDE.edu> for
44 more information.

45 Administrator

46 The LEA Group has assigned the Alabama State Department of Education as the Joint Purchasing Administrator
47 for the execution of the Alabama Joint Purchasing (ALJP) project in accordance to Title 16 Chapter 61E of the
48 Code of Alabama 1975. It will be the Alabama State Department of Education's, hereafter referred to as
49 "ALSDE", responsibility for the invitation to bid, evaluating bids received, and awarding the contract(s), in which
50 the ALSDE must have responsibility to comply with [Chapter 13B of Title 16, Code of Alabama 1975](#). It is
51 important, however, to remember that all the terms and conditions of Title 16, Chapter 13B, Code of Alabama
52 1975, that are not expressly modified by [Title 16 Chapter 61E of the Code of Alabama 1975](#), shall apply to joint
53 purchasing agreements. This bid and resulting contract(s) do not supersede individual purchasing activities by
54 the individual members of the LEA Group. For example, if an individual group member of the LEA Group wants
55 to purchase Information Technology from vendors that do not meet the ISO 9001 requirement, they are free to
56 develop a separate bid in accordance to [Title 16, Chapter 13B, Code of Alabama 1975](#), and all other bid laws that
57 are applicable.

58 The ALSDE may not be allowed to purchase from the resulting contract(s) unless approval is received from the
59 Alabama Department of Finance.

60 Though the ALSDE as administrator has sole responsibilities for the administration of this project, a committee
61 consisting of technology representatives from the LEA Group will assist the ALSDE in all phases of the project
62 including awarding of contracts.

63 Qualified Bidder

64 In accordance with Title 16 Chapter 61E of the Code of Alabama 1975 ([Section 16-61E-1](#)), "any companies that
65 have ISO-9001 certification or any companies or contractors whose affiliates, subdivisions, subsidiaries, or
66 departments have ISO-9001 certification can bid on the information technology to be jointly purchased by..."
67 the LEA Group. This certification criterion is critical and any vendor that would like to submit a qualified response
68 for this Invitation to Bid must provide documentation proving current ISO 9001 certification in accordance to
69 Title 16 Chapter 61E of the Code of Alabama 1975. Any interested bidder that meets this requirement will be
70 hereafter referred to as a "Qualified Bidder." For further clarification of the ISO 9001 requirement see
71 appendices and www.iso.org. The current quality management standards of International Organization for
72 Standardization (ISO) acceptable to meet the requirements of a "Qualified Bidder" are ISO 9001:2008 or 2015.
73 The ISO 9004:2009 or other related "Quality Management and Quality Assurance" standards set by ISO may also
74 be accepted. If an interested bidder provides any other certification in their response as an alternative to the
75 required certification, it will be that bidder's responsibility to clearly define the certification and provide
76 verifiable documentation from the ISO indicating the alternative is equal to or equivalent to the ISO 9001
77 certification. If the bidder's company name is not listed on the ISO 9001 certificate provided in the response,
78 then it is the bidder's responsibility to clearly define the bidder's relationship with the company listed on the
79 certificate in terms that meet the requirements listed in the "ISO Clarification" documentation in the appendices
80 of this ITB. This certification is required by any awarded Qualified Bidder throughout the life of any contract
81 awarded as a result of this ITB.

82 The Qualified Bidder will provide, ISO Certification detail and contact information including ISO Registrar
83 information and Registrar's Website. The Registrar's website should include a list of all their ISO client awards

84 that includes the Qualified Bidder in that listing. The ALSDE reserves the right to confirm ISO certification
85 through contact of listed Registrar and/or other resources that may be available for verification.

86 To pre-qualify as a Qualified Bidder, a prospective bidder must complete a Qualified Bidder's Application and
87 obtain a Qualified Bidder's Identification Number (QBID) prior to submission of any response to this ITB. This is
88 an online form located on the ALJP website. The ALSDE will evaluate each submitted application and provide a
89 QBID to the applicant once approved.

90 All interested bidders must read this document in its entirety. Qualified Bidders who choose to respond must
91 print and read this document and confirm with initial on each page (see footnote). This initialed document must
92 be submitted with final response. A Qualified Bidder must respond to this ITB using the format and procedure
93 as described within this document and any required online activity as described in order for their response to
94 become a Qualified Response.

95 Qualified Bidder Type

96 There are typically two types of Qualified Bidders. They include but are not limited to:

97 *Manufacturer with ISO 9001 certification*

98 Any ISO 9001-certified manufacturer who meets bid specifications can bid on any of the product lines listed in
99 this ITB.

100 Manufacturers may be the sole seller of the product line and/or they may assign specific ALJP Authorized
101 Resellers to sell the contracted products within the product line. The manufacturer is responsible for the
102 assigned ALJP Authorized Resellers and must assure that these entities are providing appropriate services to the
103 LEA Group members as defined within the resulting contract. If the manufacturer sells the product line then
104 inclusion of the manufacturer's Sales Contact information is required. A Sales Contacts/ALJP Authorized
105 Resellers List must be provided.

106 All Contract Holders must keep this list updated and accurate. Historical documentation must be maintained
107 with respect to this list.

108 *ISO 9001-certified Authorized Reseller*

109 An ISO 9001 Certified Authorized Reseller is a vendor who is authorized by the manufacturer to resell the
110 proposed manufacturer's product line or specific product line request as listed within this ITB.

111 In some cases, these Qualified Bidders solely provide sales through their own staff within their company and
112 may not assign resellers. However, any awarded Contract Holder has that option. If this option is chosen, then
113 the ISO 9001 – Certified Authorized Reseller (Qualified Bidder) may assign specific **ALJP Authorized Resellers**
114 to sell the contracted products within the product line. The Qualified Bidder is responsible for the assigned ALJP
115 Authorized Resellers and must assure these entities are providing appropriate services to the LEA Group member
116 as defined within the resulting contract. If the Qualified Bidder also sells the product line, then inclusion of the
117 Qualified Bidder's Sales Contact information is required. A Sales Contacts/ALJP Authorized Resellers List must be
118 provided.

119 **All sales contacts must obtain an EdDir/ALJP login to participate in any ALJP contract assigned. (See "Vendor**
120 **Information" tab on ALJP website) All Contract Holders must keep this list updated and accurate. Historical**
121 **documentation must be maintained with respect to this list.**

122 Manufacturer's Statement

123

124 The Qualified Bidder, as described in this section, bidding for a Product Line as an Authorized Reseller (Note:
125 Authorized Reseller is not equivalent to an ALJP Authorized Reseller) must submit with this bid package a current
126 and dated letter addressed to the ALSDE from the manufacturer of the Product Line on the official manufacturer
127 letterhead that includes all of the following:

128 A statement that the Qualified Bidder is a Product Line Manufacturer's authorized reseller.

129 A statement indicating that the Qualified Bidder is an education reseller (if applicable). If the manufacturer does
130 not have an education marketing program, such must be indicated.

131 Provide a short history of the Qualified Bidder's and Manufacturer's relationship.

132 The Manufacturer's opinion as to whether the Qualified Bidder can provide satisfactory service to the LEA Group
133 and a description of how the Qualified Bidder will serve the market with the Manufacturer's support.

134 The Qualified Bidder is authorized by the Manufacturer of the Product Line to bid and participate in this ITB.

135 The letter must be signed by a management employee of the Manufacturer who will note in the letter their
136 explicit authority to sign the letter on behalf of the manufacturer and provide direct contact information for
137 further verification. Letter must be included with final response.

138 In each case above, the designated "ALJP Authorized Resellers" do not have to hold ISO certifications. The
139 awarded Contract Holder must hold the required ISO certification and will be held responsible, with respect to
140 the continuance of contract, for the business conduct of each vendor listed as an ALJP Authorized Reseller/Sales
141 Contact within their submission, and any revisions of the ALJP Authorized Resellers Listing/Sales Contacts. The
142 awarded Contract Holder will have the sole responsibility of providing and updating the list of ALJP Authorized
143 Resellers or Sales Contacts for auditing purposes. The ALSDE will only exercise approval of this submitted list
144 and any modifications made to the list. Additionally, the awarded Contract Holder will be responsible for training
145 their listed sales contacts and ALJP Authorized Resellers in the pricing and other details of the contract if
146 awarded.

147 A Manufacturer or Reseller of the Manufacturer's product line can be considered a Qualified Bidder, if minimum
148 requirements are met.

149 **E-Verify Requirement**

150 All contractors doing business with the Public K-12 Local Education Agencies in the State of Alabama are required
151 to comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990,
152 and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. The Qualified Bidder will provide the
153 required documentation. The language in this Act refers to Contractors and Sub-Contractors. For the purpose
154 of this ITB, the Contractors will be considered Contract Holders, and the Sub-Contractors will be any other
155 companies listed as Authorized ALJP Resellers or Sub-Contractor of the Contract Holder performing contract
156 related services. Prior to purchasing activity all Authorized ALJP Resellers must also meet the E-Verify
157 Requirement.

158

159

160 Area intentionally left blank

Initials: 

161 CONTRACT INFORMATION

162 Contract Terms and Conditions

163 State Master Contract

164 The ALSDE intends for the resulting contract(s) of this ITB to serve as a State Master Contract for the LEA Group
 165 to use as a resource for the purchase of Information Technology specifically related to hardware and software
 166 product lines. The ALSDE makes no purchasing guarantee on behalf of the ALSDE or LEA Group Members to
 167 awarded vendor(s) with respect to quantities of products to be purchased by LEA Group Members from the
 168 resulting contract(s). The ALSDE makes no guarantee to awarded vendors of similar product lines or multiple
 169 vendors of the same product line that LEA Group members will choose their product over the other awarded
 170 vendor's product line contracts. The final awarded contract will consist of all documentation presented to the
 171 ALSDE by the Qualified Bidder in response to this ITB and the required documents during the life of the contract
 172 such as, but not limited to, updated ISO certificates, updated product line offering, pricing lists and updated sales
 173 contact information.

174 Contract Holder

175 A Contract Holder is considered a successful Qualified Bidder that has been awarded a given Product Line
 176 Contract based on the evaluation of their competitive and qualitative qualified response to this and other ITBs
 177 issued (if applicable) within the program. Depending on the number of individual successful responses a specific
 178 Qualified Bidder submits and is ultimately awarded, a Contract Holder may hold multiple contracts within the
 179 ALJP program. However, each contract awarded should be addressed as a separate instrument and should not
 180 be consolidated with other ALJP program contracts that a Contract Holder may hold nor should the Qualified
 181 Bidder's response be dependent upon another contract awarded to the Qualified Bidder through another entity
 182 outside or external contract not related to the ALJP program.

183 Throughout the text of this document the terms Contract Holder and Qualified Bidder may be used
 184 synonymously. However, a Qualified Bidder will only become a Contract Holder if a valid contract has been
 185 awarded to the Qualified Bidder based on the response submitted.

186 Qualified Bidder Application/Registry

187 Qualified bidders must complete and maintain the information provided in the completion of an online Qualified
 188 Bidder Application/Registry process. Once this form and the required attachments have been submitted, the
 189 ALSDE will verify the given information and provide a status to the submitting entity. If the minimum
 190 specifications are met by the Qualified Bidder, then the ALSDE will provide a Qualified Bidder's Identification
 191 Number (QBID) that will be used in a Qualified Bidder's response to this and any other future ALJP procurement
 192 efforts. Prior to obtaining access to this online form an interested bidder must obtain a "Vendor Login" and be
 193 registered or register as a interested/potential vendor. Once a QBID has been awarded the qualified bidder
 194 must maintain the information in the Qualified Bidder Application data including any updates to the required
 195 ISO Certification.

196 Multiple Awards

197 In accordance with [Title 16, Chapter 61E, Code of Alabama 1975 \[16-61E-2-\(c\)\]](#), "Competitive bids for
 198 information technology may result in awards to multiple vendors for each one product line in order to meet the
 199 specific requirements of participating educational institutions or to achieve compatibility with existing
 200 technology already in use." Based on this allowance, the ALSDE reserves the right to award multiple contracts

201 for any one product line, if deemed necessary to meet the needs of all participants or LEA Group Members.
202 Additionally, in the event a Qualified Bidder proposes and responds to this ITB with a product line containing
203 products equal to or equivalent to a current product line ALJP contract and the product lines listed within this
204 ITB the ALSDE reserves the right to award a new contract (or contracts) for the given product line if it is in the
205 best interest of the LEA Group Members. In the event multiple awards for the same product line are made, the
206 LEA Group Member may be required or elect to deploy a "mini-quote".

207 ALJP Agreement

208 Awarded contract(s) will be documented and approved by the execution of an "ALJP Agreement" for the
209 individual awarded product line based on the accepted and awarded qualified bid. This document is an
210 agreement between the ALSDE as the contract administrator and the awarded Contract Holder. (See appendices
211 for representative sample.) The ALJP Agreement serves as the binding document that establishes the contract.
212 The content and structure of this document has been approved by the ALSDE's General Counsel and must not
213 be altered with the exception of demographic and required calendar/date changes. In the event a Qualified
214 Bidder requires any content modifications that are not demographic in nature to the initially offered ALJP
215 Agreement document, the ALSDE may withdraw the contract offer or suspend offer to negotiate with the
216 Qualified Bidder depending on the calendar or deadline requirements of related programs, such as E-Rate, and
217 the best interest of the LEA Group Members.

218 Supplemental Agreements & Licensing Programs

219 Supplemental agreements required by a Contract Holder such as those common agreements that the actual
220 buyer and/or user of products and/or services within the awarded product line contract are allowable under an
221 award. These supplemental or additional agreements must not contradict State of Alabama Laws, the ALJP
222 Agreement, the Terms & Conditions of this ITB, or increase the pricing of the awarded product line products
223 individually or as a whole. The calendar terms of these supplemental agreements must not contradict the length
224 of an ALJP awarded contract. The ALSDE will not execute such a blanket agreement for all LEA Group Members;
225 the Contract Holder will be responsible for educating the LEA Group Members concerning such supplemental
226 agreements and licensing programs who choose to purchase the products from the contract.

227 Many product lines such as software offer educational licensing programs common to the education market. If
228 it is determined to be in the best interests of the LEA Group Members, the ALSDE may consider a statewide
229 execution of such an agreement. The ALSDE will not be responsible or make payments for any missed purchasing
230 quota placed on the LEA Group Members that may have been established within the said agreement but will
231 negotiate with the Contract Holder on an annual basis to determine if such a licensing agreement is beneficial
232 to the LEA Group Member and Contract Holder.

233 E-Verify Participation

234 All contractors doing business with the Public K-12 Local Education Agencies in the State of Alabama are required
235 to comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990,
236 and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. The Qualified Bidder will provide
237 required documentation and will note the "Alabama Immigration Compliance" language located in the final
238 Agreement to be executed upon award of contract. The language in this section refers to Contractors and Sub-
239 Contractors. For the purpose of this ITB, the Contractors will be considered Contract Holders and the Sub-
240 Contractors will be any other companies listed as Authorized ALJP Resellers.

241 Contract Activity Reports

242 The Contract Holder will organize and maintain a database of all purchases and relative information such as LEA
243 Group Member's name, date of purchase; item(s) purchased, Purchase Order Number, purchase price, etc. This
244 information must be made available, by the vendor, to the ALSDE on a quarterly basis.

245 These Contract Activity Reports should be made available in detail on the ALJP Website once contract has been
246 awarded. The ALSDE reserves the right to post data from quarterly reports in various communications related
247 to the program.

248 If ALJP Authorized Resellers are applicable, the Contract Holder must include individual information from these
249 entities in the report as well.

250 Purchasing information may be gathered from LEA Group Members during audits or other events and compared
251 to the Contract Activity Reports that indicate a purchasing action by the LEA Group Member.

252 Mini-Quote System

253 Multiple awards for a given product line or equivalent product lines and services may be allowed. Additionally,
254 contract holders may designate ALJP Authorized Resellers therefore, multiple sales contacts may be available
255 for the same or equivalent products and services. LEA Group Members are encouraged to seek additional
256 discounts when applicable. The implementation of an online mini-quote process provides for an open and
257 competitive mechanism to seek such pricing. This system will be available through the ALJP website only. Each
258 participant must hold an EdDir Authentication to view or participate. Contract Holders are responsible for
259 informing and training sales contacts.

260 Complete detail and procedures for the Mini-Quote system will be posted on the ALJP website. Awarded
261 Contract Holders must acknowledge this tool and participate accordingly.

262 Mini-Quote/Clearinghouse Process

263 *Multi-Award Product Line Mini-Quotes*

264 In the event a LEA Group members seeks a product from a specific Product Line that has been awarded to two
265 or more qualified bidders the equipment or services should be posted through the Mini-Quote process.

266 *Mini-Quote Requests – LEA*

267 The ALJP "MINI-Quote/Clearinghouse" system will be available for LEA Group Members to post "Mini-Quote
268 Requests" for price for products and services exclusively available within the ALJP Contract system. The LEA
269 Group Members may provide specifications of the services or equipment they are seeking. Additionally, they
270 may require additional localized requirements/factors of the respective ALJP Contract sales contacts. The LEA
271 Group Member will provide a deadline for responses to be submitted by interested ALJP Sales Contacts. This
272 deadline will be in the format of a given date and time (default is 12:00 Midnight). The period of availability for
273 response is the option of the LEA Group Member. If a LEA Group Member posts a given request for a period
274 greater than 5 business days, then the deadline may be reduced by up to 60 minutes at the requesting LEA Group
275 Member's discretion without notification to responding sales contacts. In the event no responses are received,
276 the LEA Group Members may extend the deadline. In the event no responses are received after an extension
277 the LEA Group member may actively seek a negotiated response from ALJP Sales Contact(s).

278

279 *Mini-Quote Requests – ALJP Sales Contacts*

280 It is the sales contact(s) listed within their respective ALJP contract(s) responsibility to review and respond
 281 completely, as directed, to the ALJP quote requests posted. ALJP Sales Contacts are not required to respond to
 282 all requests posted, however, in the event a mini-quote request is posted, a non-response from any sales contact
 283 will be considered as if the nonresponding sales contact chose not to respond at no fault to the posting LEA
 284 Group Member or ALJP Administrator. The responding sales contact must only respond with pricing of products
 285 and/or services for which they are allowed per the terms and conditions of an awarded ALJP Contract. Sales
 286 Contacts must not respond with pricing or equipment/services outside of their ALJP participation.

287 Interested responding ALJP Sales Contacts must respond by the deadline set by the requesting LEA Group
 288 member. Any quote response may be edited by the responding Sales contact at any time prior to the specified
 289 deadline of the specific request. Any response provided beyond the stated deadline will not be considered. All
 290 responses must be provided through the online ALJP Mini-Quote System only.

291

292 **E-RATE**

293 Occasionally ALJP product line contracts may contain E-Rate eligible products and/or services. If applicable, the
 294 required USAC *Description of Services Requested and Certification Form*, technically known as a Form 470, will
 295 be filed by the ALSDE to include certain categories of E-Rate eligible products within the product lines for which
 296 this Invitation to Bid is seeking contracts. The resulting contract(s) are intended to be in compliance with USAC's
 297 definition of a State Master Contract for those product lines that contain E-Rate-eligible equipment or services.
 298 It is the responsibility of each of the E-Rate eligible individual members of the LEA Group and the awarded vendor
 299 and/or sales contacts for the awarded contract to follow the rules of the E-Rate Program with strict adherence
 300 to the Eligible Services List. In the event a sales contact, internal or external, of the awarded contract
 301 misrepresents the eligibility of the product or service to the eligible E-Rate LEA Group Member, then that sales
 302 contact must be responsible to the applicant and E-Rate program concerning further financial retribution. If the
 303 sales contact providing misrepresentation is listed by the specific Contract Holder as an ALJP Authorized Reseller
 304 (external), then the Contract Holder will be held accountable and may be required to remove the provider from
 305 the authorized list. The ALSDE has provided and will continue to provide guidance and assistance with E-Rate for
 306 individual LEAs and in statewide training opportunities.

307 The ALSDE may elect to further E-Rate involvement through a consortium application process and may use E-
 308 Rate eligible equipment and/or services properly procured via this initiating ITB and related Form 470.

309 A contract(s) resulting from this ITB may be available to E-Rate eligible members for E-Rate FY2016, FY2017 and
 310 FY2018 depending on program availability, state bid law, rules and the continuation or renewal of the awarded
 311 contract(s) per contract requirements. Eligible LEA Group Members and Contract Holders must be aware of
 312 late funded applications for E-Rate applications for Internal Connections, specifically, late funding decisions after
 313 the ALJP Contract has expired which may result in loss of funding according to current E-Rate rules. It is currently
 314 advisable that the applicant purchase the needed eligible equipment while the specific contract is available and
 315 then request reimbursement once awarded. This allows for the purchase to be made while under contract and
 316 will meet USAC requirements.

317 E-Rate Mini Bids

318 In accordance with Title 16, Chapter 61E, Code of Alabama 1975 [16-61E-2-(c)], “competitive bids for information
319 technology may result in awards to multiple vendors for one product line each in order to meet the specific
320 requirements of participating educational institutions or to achieve compatibility with existing technology
321 already in use.” Based on this allowance, the ALSDE reserves the right to award multiple contracts for any one
322 product line, if deemed necessary.

323 However, it should be noted that if an individual LEA Group member is purchasing a specific product
324 that is eligible for E-Rate discounts and plans to request such discounts, they must choose the vendor
325 that provides the most cost effective means for providing the product or equivalent product across all
326 ALJP Product Line contracts awarded. If multiple sales contacts identified as ALJP Authorized Resellers
327 are available to provide the eligible product or service, then the participant must follow the “mini-bid”
328 procedures as required by Universal Service Administrative Company (USAC)/Federal Communications
329 Commission (FCC). Failure to do so will jeopardize the individual LEA Group Member’s E-Rate request.
330 The individual LEA Group members should maintain all pricing documentation at the time of purchase
331 to present to auditors when requested. While the applicants are required to meet and be responsible
332 for the E-Rate Mini-Bid requirement, the ALSDE will provide access to an online tool that will be available
333 for these applicants to post these mini-bids. All Contract sales contacts and/or ALJP Authorized Resellers
334 will be required to follow instructions and participate.

335 All sales contacts and/or authorized ALJP Resellers interested in providing E-Rate eligible products from
336 an awarded contract should possess a proper Service Provider Identification Number (SPIN) through
337 USAC and maintain a proper standing in the E-Rate Program. All sales contacts listed within all ALJP
338 contracts must participate using their EdDir logins to view and respond to “mini-bid” requests posted
339 on the ALJP website. See the ALJP website and section 3.7 for more detail in the ALJP Mini-Quote process
340 required for E-Rate usage of any ALJP State Master Contracts awarded through this ITB.

341 All E-Rate purchases from the resulting contract(s) of this ITB by the LEA Group members should comply
342 with E-Rate rules and regulations available at <http://www.usac.org/sl/>. Should the LEA Group member
343 request assistance in the determination of E-Rate eligibility, they should refer to the USAC Web site and
344 then contact the State E-Rate Coordinator’s office at the ALSDE if additional clarification is needed.

345 The Mini Bid process is not required for all other “non-E-Rate” purchases but is considered a a best
346 practice for obtaining the most cost effective means of providing the service or contract products. The
347 term Mini Bid is also known as “Mini-Quote.”

348 E-Rate Contingency

349 A contract(s) issued resulting from this ITB is (are) not contingent upon E-Rate Discounts awarded through the
350 E-Rate Program. However, E-Rate applicants are required to complete a detailed pricing list including
351 manufacturer’s product information during the filing of a Form 471. A specific template for this may be supplied
352 by USAC and the Contract Holder and/or ALJP Authorized Resellers must use this formatted file for submission.
353 This listing requires specific information about the product or services for which the applicant is requesting E-
354 Rate Discounts, including the specific Service Provider information, documented quotes, and product and
355 location details. Quotes and pricing offers based on the awarded contract given to the eligible LEA Group
356 member by the Contract Holder’s identified Sales Contact may be contingent upon E-Rate awarded discount for
357 the given E-Rate Funding Year at the discretion of the applying eligible LEA Group Member.

358 E-Rate Payment Plans

359 In the event a product or service from the awarded product line contract has successfully been awarded, the E-
 360 Rate discounts applicable by USAC and the Service Provider Invoice method of discounts are to be applied. Then
 361 the service provider (contract Sales Contact) must bill the applicant for their share of the transaction at the same
 362 time any such invoice is sent to USAC for payment. The applicant must pay their share within 90 days of payment
 363 due date. The service provider will be responsible for filing the appropriate Service Provider required E-Rate
 364 forms. E-Rate special allowances may be made in the case of new E-Rate Modernization services such as "Special
 365 Construction" costs for eligible Category 1 services. See official FCC/USAC guidance for detail.

366 E-Rate Service Provider Status

367 Any Contract Holder, sales contact (company) or authorized ALJP Reseller (company) that provides an E-Rate
 368 eligible product within an awarded product line contract must maintain a positive standing with the E-Rate
 369 program (FCC & USAC). They must maintain and provide upon request a Service Provider Identification Number
 370 (SPIN) that will correctly identify their business operations with the E-Rate program. In the event an eligible
 371 Telecommunications Service is offered as a product within the awarded product line contract, the Contract
 372 Holder, as a sales contact or designated Authorized Reseller, must maintain credentials required by USAC and
 373 the FCC to provide those services under the Telecommunications category of service.

374 Any Contract Holder, sales contact (company) or authorized ALJP Resellers (company) that provides an E-Rate
 375 eligible product within an awarded product line contract must maintain a Green Light Status¹ with the FCC.

376 DOCUMENT AVAILABILITY AND RETENTION

377 In accordance with Code of Alabama 1975 and applicable E-Rate Program requirements, all documentation
 378 related to a contract(s) awarded as a result of this ITB will be open for public inspection for a period of at least
 379 ten years (10) from the final contract expiration date (considering applicable renewals) and/or the last date of
 380 service. All responses and accompanying documents in the form of hardcopy and/or digital documents will be
 381 made available for public review; therefore, the Qualified Bidder should understand that all submitted
 382 documents including pricing will be made available as well. This information will remain available for awarded
 383 and non-awarded bid responses. Documentation of the Mini-Quote process must be maintained in the same
 384 manner as well by the LEA Group Member and responding ALJP sales contact.

385 State Archives requires a minimum of 7 years' document retention as related to products that are not E-Rate
 386 eligible. Contract Holders and related sales contacts are also responsible for maintaining documentation.

387

388 *Area intentionally left blank*

¹ As opposed to the Red Light status discussed in the [Fund Administration](#) section of USAC Website

389 **PRODUCT LINE REQUESTS**390 **Product Line**

391 For the purposes of this ITB, a product line is a series of different information technology products forming a
392 given brand that is generally manufactured or produced by the same company/manufacturer.

393 **Product Line Category**

394 A product line category is considered a clearly defined group of products or equipment within a given product
395 line or brand. For example, a computer manufacturer may produce desktop computers, printers, and network
396 servers. A qualified bidder may prepare a single response for the product line however they may address the
397 required elements for each of these categories providing a different discount per each category.

398 **Requested Product Lines**

399 The following is a list of individual requested product line contracts sought by the LEA Group Members within
400 this ITB. Qualified Bidders may submit responses for a listed product line or an equivalent Information
401 Technology product line similar to a requested product line listed below. These specific product line requests
402 are referred to as ALJP Requested product lines. The following is a listing of new product lines requested by LEA
403 Group Members. This listing displays the requested product line in order of popular requests.

Microsoft	Dell	Apple
Cisco	Verizon Wireless	Hewlett Packard
Epson	Lenovo	Adobe
Brocade	Web Hosting Services	Tripp Lite
SOPHOS	General - Refurbished/Remanufactured ONLY IT	Lightspeed (Audio)
Monoprice	Aerohive	WatchGuard
SMART	ADTRAN	Trend Micro
HoverCam	APC	Promethean
VMWare Software	AT&T Wireless	Liebert
Lightspeed Systems	InFocus	Ruckus Wireless
ASUS	Aruba Wireless	eInstruction
Higher Ground	Email Hosting Services	Palo Alto Networks
Brother	ELMO	Barracuda
Ubiquiti Wireless Equipment	Xirrus	Ballistic Case

FrontRow	Casio	AG Parts
Malwarebytes Endpoint Security	Extreme Networks	Cables to Go
Hapara	ShoreTel	EMC
Juniper Networks	Airwatch	Schoology
Mimioq	Daktech Computers	AVG
Axis	CyberData	Aver
Howard Computers	Kaspersky	Qomo
Samsung	ViewSonic	SouthernLINC Wireless
iXsystems	eBeam	eSet
Earthwalk	Nimble	Nexlink
NetApp	Open Mesh	Belkin
Deep Freeze		

404 The product lines are listed in order - from top left to bottom right - of popular requests made by System Level Technology Directors.
 405 The ALSDE is not responsible for the quality or any such verification of product or services requested by the Technology Directors. An
 406 alphabetical listing is in the appendices.

407 Products Turnover

408 Upon award, the products listed in the base price source of the specific Product Line products may be modified
 409 as product availability may fluctuate throughout the life of an awarded contract. Discontinued products may be
 410 removed as required and new products within the specific product line may be added. Though the addition of
 411 new products is allowed, the products will remain susceptible to the discounts proposed with the Qualified
 412 Bidder's response once a contract has been awarded to that Qualified Bidder. In the event of price changes to
 413 the Product Line and Base Pricing source, the Contract Holder will be required to update the associated ALJP
 414 price lists.

415 Unless specifically indicated within the product line listing, the products sought within this ITB are new products
 416 and not remanufactured or refurbished products. Products must have manufacturer's original serial number or
 417 comparable identification that has not been altered in any way.

418 Warranty

419 If commonly offered within the Product Line Product Offering and Base Pricing source identified by the Qualified
 420 Bidder and/or by the manufacturer of the product line, all products listed within the source should include a
 421 standard warranty and provide on-site warranty services directly or indirectly through the manufacturer or a
 422 manufacturer's authorized agent. There must be no charge for a standard warranty unless a charge is common
 423 within the product line in general. Extended warranties may be included in the source. Manufacturers' products
 424 that normally provide "depot service only" are an exception. The warranty options, including pricing for the
 425 products individually or as a group within the proposed Product Line Product Offering and Base Pricing source,

426 must be clearly stated. Any warranties offered on the source should not be altered in any way to meet the terms
427 and conditions of this ITB. Qualified Bidder will provide A Warranty description(s) within this ITB.

428 Shipping & Delivery

429 All products purchased by an LEA Group member should be delivered FOB Destination. The awarded vendor
430 and/or authorized reseller agree to bear the risk of loss, injury, or destruction of the items ordered prior to
431 receipt of items by the LEA Group member.

432 A description of any shipping and delivery costs **must** be included in the Product Line Product Offering and Base
433 Pricing source and clearly listed. Shipping and delivery details including expected cost must be provided on the
434 ALJP provided website. The LEA Group members must be made aware of the associated cost and delivery
435 methods available. Though common shipping and delivery methods may not meet the definition of a product
436 within the given product line, they may be included with the Qualified Bidder's response and (if applicable)
437 within the awarded contract. Free shipping is preferred; however normal/common shipping cost(s) for the
438 delivery of the specific product(s) within the product line ordered by individual members of the LEA Group may
439 be included. **These costs must be clearly identified and documented in specific contract quotes and any sales**
440 **communications.** It is understood that shipping costs may vary throughout the life of a contract.

441 Installation & Maintenance of Products Within Product Line

442 Installation and maintenance of specified products of the specific product line may be included in the proposed
443 Product Line. These products should be considered as products of the Product Line and must meet then same
444 requirements of all other products of the product line. Such installation & maintenance products listed with a
445 "call for prices" will **not** be allowed.

446 The LEA Group Member must use other contracts or properly procure installation, managed, or maintenance
447 services not found within the product line.

448 PRE-ESTABLISHED PRODUCT LINE PRODUCT OFFERING BASE PRICING

449 It is critical that the Qualified Bidder provide a specific source identifying base pricing of their proposed products
450 within the proposed product line.

451 Types of Base Pricing Sources

452 Examples of or types of base pricing sought for a valid response to this ITB include, but are not limited to,
453 Manufacturer's Suggested Retail Price (MSRP), Retail Price, Catalog Pricing, Online Store Pricing, Minimum
454 Advertised Pricing (MAP) Listing, List Price, Educational Pricing or other similar pricing available to the LEA Group
455 Members and the general public without predetermined login access.

456 Publically Available

457 Base Pricing must be currently publically available, transparent and not created specifically for a response to this
458 ITB. It is preferable that this pricing and product information is available to the general public at a given website.
459 However, printed catalogs with base pricing distributed among the general public may be accepted.

460 Change in Pricing and Availability

461 The awarded Qualified Bidder may change pricing and products available in the proposed base pricing source
462 however such changes must be across the board and not specifically for the ALJP participants. The awarded

463 Qualified Bidder must notify the ALSDE of the changes and maintain an archive of these changes for audit
464 purposes.

465 DISCOUNT

466 The Qualified Bidder will provide a quote as a specific discount off the proposed Product Line Base Pricing
467 submitted in the form of a percentage. The discount will be applied to the base prices specifically identified and
468 provided in the proposed Product Line.

469 Single Discount – Across the Board

470 If that submitted quote is a single discount to be applied to the base price of all products listed in the Product
471 Line, then that discount is considered a single or across-the-board discount. The Qualified Bidder's quote of a
472 single or across-the-board discount must remain static throughout the life of the contract with one exception.
473 The eventual Contract Holder may only increase their original discount quoted in their specific bid response. A
474 decrease in discount will not be allowed for the life of the contract. New products added to the Product Line
475 throughout the life of a contract will be subject to the same discount. If the Contract Holder is unable to extend
476 the discount originally quoted to the new products, then those products should be clearly noted as "not
477 available" using the contract. The Qualified Bidder must also complete the Discount Schedule indicating the
478 proposed single discount within this document.

479 Categorical Discounts

480 It is recognized that within some requested product lines there are clear and distinct categories of sub-products
481 within the submitted base pricing. It is recognized that it may be in the best interest of the LEA Group Members
482 to allow the Qualified Bidder (and subsequently the Contract Holders) to provide a **different** discount proposal
483 for each of these predetermined categories. However, these categories must be well established and defined
484 within this product line's history prior to the submission of a bid response to this ITB and not developed
485 specifically for the Qualified Bidder's response to this ITB. The allowance of categorical discounts does not
486 include a predetermined category for each and every product within the product line, i.e. every product listed
487 in the Product Line and Base Pricing source cannot be considered a category in and of itself. If clear and distinct
488 categories cannot be identified, then the Qualified Bidder must use the single discount as their response to the
489 entire product line.

490 These categorical discounts per category will not be allowed to decrease over the life of the contract. If the
491 Qualified Bidder chooses to submit discounts using categories as opposed to a single discount for the entire
492 Product Line and Base Pricing source, then the quoted categories must be clearly and distinctly recognized per
493 product listed in that source. The Qualified Bidder will provide a detailed description of each category and
494 provide the specific reference of discount quoted for each category. If Categorical Discounts are submitted, the
495 Qualified Bidder must complete the Discount Schedule indicating categories and proposed discount in each.

496 A description of the discounts submitted, whether a single across-the-board discount or categorical discounts,
497 must be provided on the ALJP Website in clear and concise terms. New products added under this scenario must
498 clearly fit within a given predetermined category and that category's quoted discount should apply. If the
499 Contract Holder is unable to extend the discount originally quoted to the new products, then those products
500 should be clearly noted as "not available" using the contract.

501 Additional Discounts Allowed

502 It should also be noted that, during a contract period, a Contract Holder and/or sales contacts including ALJP
 503 Authorized Resellers assigned may offer or quote additional discounts above and beyond those discounts
 504 awarded in the resulting contract(s) of this ITB. Additional discount(s) may include discounts for volume
 505 purchases and/or other events. All such pricing will still be considered within the awarded ALJP contract.

506 Cost Plus Option

507 The Qualified Bidder may provide a Cost Plus discount or mark-up over cost form of discounting method.
 508 However, the initial cost would be considered the "base price" and it must be incorporated clearly within the
 509 Product Line Product Offering and Base Pricing source as described above. Additionally, the ALJP Price List
 510 required will be modified such that the base price will be the Cost, the discount will represent the percent (%)
 511 mark-up on Cost and the ALJP Price will be the cost of the product plus the mark-up. Categories may still apply
 512 as previously discussed. In this model the percent mark-up must never increase but may be reduced to favor
 513 the LEA Group Members. This is not the preferred method of discounting; however, it will be accepted. These
 514 submissions will also be categorized as Preference 2 contracts.

515

516 ALJP REQUIRED PRICING INFORMATION

517 Pricing of the individual products proposed in a Qualified Bidder's response is critical. There are two key
 518 elements in ALJP pricing and they are the Base Price for all of the individual products within a requested product
 519 line (or equivalent proposed product line) and the proposed discount. The combination of these two elements
 520 is used to calculate the ALJP Price for the products. While a LEA Group Member will browse to the base price
 521 source (proposed) and then apply the discount (proposed) to calculate the actual ALJP price for a product within
 522 the product line (proposed), a listing of the ALJP prices along with the parameters must be made available for
 523 current pricing and past pricing for audit purposes.

524 Alabama Joint Purchasing Pricing List

525 As a critical component of the submission phase only, the Qualified Bidder will provide a digital detailed Alabama
 526 Joint Purchasing Price List (ALJP Price List) with a response to product line, or equivalent, within this ITB. This list
 527 must be in the form of a Microsoft Excel spreadsheet file consisting of the individual information on the products
 528 listed in the proposed Product Line and Base Pricing source, including the Manufacturer's Model, Qualified
 529 Bidder's SKU, Name of Product, Description of Product, UOM, base price from the Base Pricing source, discount
 530 applied, ALJP Price, and Discount Category (if applicable). Only products of the proposed product line are to be
 531 entered. The model number must represent the most common product identification number used across all
 532 resellers of the specific product line. The Qualified Bidder's SKU is the bidder's product identification number
 533 assigned known as the stockkeeping unit.

534 There must be no horizontal divisions and the list should be continuous until all products of the proposed Product
 535 Line and Base Pricing have been listed with all information with an ALJP Price calculated. An Excel template
 536 (ALJP2016Price List.xlsx) will be provided and the Qualified Bidder must verify accuracy and availability of the
 537 data provided by the Qualified Bidder on a submitted CD or DVD. The Qualified Bidder will use the format
 538 described and provided in the Bid Submittal section of this document. Additionally, this file must be provided
 539 on digital media such as a CD/DVD or USB Flash Drive within the final submission package. Two separate media
 540 copies must be provided.

541 In the event a contract is awarded and properly procured, this proposed ALJP Price list will become active and
542 must be updated as products are added and/or modified to the Product Line Product Offering and Base Pricing
543 source by the Contract Holder (once an award has been made). This price list in current form and archives of
544 past updated ALJP Price List will be made available and maintained by the Contract Holder on the designated
545 ALJP website.

546 The proposed ALJP Price List will be a key element in the evaluation of awards. It is important that this list be
547 verified and included in the format described within this ITB. Elements such as model number, SKU, base prices
548 of individual products shown within the submitted Product Line and Base Pricing Source will be located and
549 verified.

550 The ALJP Price List will contain all proposed products within the product line.

551 Top 40 Educational Products of the Product Line

552 The Top 40 Educational products of the product Line is a representative list (or sub-group) of the products within
553 a proposed product line response. After an award has been made, this list may be combined with other product
554 line contracts and may be displayed as a quick listing of the products available through resulting ALJP contracts.
555 Qualified Bidders must use the proper template as described in each phase of the ITB.

556 SALES CONTACTS

557 Contract Holders must provide contact information for the authorized sales staff. This staff and/or ALJP
558 Authorized Resellers (vendors) must be specifically familiar with the terms of the awarded contract (This includes
559 any ALJP Authorized Resellers, if applicable). LEA Group Members will be provided sales information and obtain
560 written ALJP quotes for a product or products they buy using the contract(s) resulting from this ITB. The Contract
561 Holder will also be responsible for providing audit trail information for confirming contract pricing either directly
562 or indirectly through the ALJP Authorized Resellers, if applicable. The Contract Holder will maintain a
563 comprehensive list of all active sales contacts and archive of inactive sales contacts on the ALJP website. As
564 described earlier these sales contacts must be listed in the ALJP Vendor Registry to be included as sales contacts
565 in a response to this ITB.

566 Additional Notes may be provided to describe specific sales regions or other identification necessary to help the
567 LEA Group Member choose the correct Sales Contact in making their purchasing decision. As described earlier
568 the individuals listed here may be sales contacts that are a part of the actual Contract Holder's staff and/or
569 contacts from other identified and authorized resellers. The term ALJP Authorized Resellers generally refers to
570 a company that is not the Contract Holder but is authorized by the Contract Holder to offer the products awarded
571 via a specific ALJP Contract awarded to the Contract Holder. The ISO Certification requirement only applies to
572 the Contract Holder.

573 The Qualified Bidder responding to this ITB must provide this information in Product Line Proposal Phase.

574

575 ADDITIONAL TERMS AND CONDITIONS

576 Payment

577 The awarded Contract Holder or designated authorized reseller must not construe payment as acceptance of
 578 products furnished under the resulting contract. The LEA Group member or the ALSDE reserves the right to
 579 conduct further testing and inspection after payment, but within a reasonable time after delivery, and to reject
 580 the product(s) if such a post-payment testing or inspection disclosed a defect or a failure to meet specifications.

581 Upon notification of a defective or rejected product the Contract Holder or Authorized Reseller must coordinate
 582 plans to replace the product(s) with others that conform to the specifications and which are not defective. The
 583 replacement of the product will be at the Contract Holder's (or, if applicable, the ALJP Authorized Reseller's)
 584 expense and must be performed within 15 days of notification. Rejected products left longer than 30 days will
 585 be regarded as abandoned, and the LEA Group member will have the right to dispose of the product(s) as its
 586 own property.

587 All products must be free of all liens.

588 In accordance with Title 16 Chapter 61E of the Code of Alabama 1975, each LEA Group member shall pay its
 589 share of expenditures for purchases under any agreement in the manner set forth in the agreement and in the
 590 same manner as it pays other expenses of the LEA.

591 If an award is made to a Qualified Bidder, such awarded Contract Holder and/or chosen ALJP Authorized Reseller
 592 shall receive Purchase Orders as normally done to furnish the awarded products of the specific product line to
 593 the LEA Group Member. Purchases made through resulting contract of this ITB must be offered to only those
 594 Local Education Agencies, universities, and colleges participating in the program (LEA Group Members) and listed
 595 on the ALJP Web site. Prior to the issue of a purchase order, the LEA Group Member may request an official
 596 ALJP Contract Quote. For audit purposes the Sales Contacts listed as contacts authorized to sell a product or
 597 products from the awarded product line contract should provide a quote to interested LEA Group Members,
 598 upon their request(s), with the following information present and documented:

599 ALJP Contract Number

600 All pricing information including

601 Non-ALJP Discounted price from Product Line Product Offering and Base Pricing

602 ALJP Discount Provided

603 Additional Discounts (if applicable)

604 Total price for Quote

605 Sales Contact Information

606 The quote should not include products from other product lines not covered under the specific ALJP Contract.

607 A given deadline for prices to expire, however only additional discounts may be allowed to expire as the contract
 608 price based on the awarded discount will remain in effect for the life of the contract.

609 Individual schools or ALSDE-recognized entities of the LEA Group members may also purchase products from the
 610 awarded contracts through their system technology coordinator or designee. They must contact the system
 611 technology coordinator or purchasing agent for instructions.

612 All documentation of purchases from the resulting contract(s) shall include reference to the assigned ALJP
 613 Contract number.

614 The ALSDE will not participate in any individual purchase(s) between the awarded vendor and LEA Group
 615 member. The ALSDE provides assistance through the publishing of current and official contract information on
 616 the ALJP Website, approving and monitoring the website and required documentation developed by the
 617 Contract Holder(s) and other administrative functions of the awarded contract(s). It is not the intent of the
 618 ALSDE to be involved in individual purchases using resulting contract(s) unless a conflict arises with contract
 619 terms and conditions.

620 Separation

621 The LEA Group members may provide information to the ALSDE concerning the awarded contract performance
 622 consisting of the ability to meet contract obligations, quality of customer service, and other vendor performance
 623 factors. This information will be evaluated throughout the contract(s) life by the committee to determine if a
 624 termination of contract is warranted. The ALSDE will provide a formal mechanism for such communications with
 625 the LEA Group Members.

626 Possible reasons for contract termination may include any of the following:

627 Failure to meet the requirements of this ITB throughout the contract period including a current and
 628 non-obsolete ISO-9001 certification;

629 Failure to deliver the product(s) purchased within an agreed upon time period or period specified
 630 on the Purchase Order. In cases that are proven to be beyond the control of the Contract Holder or
 631 authorized reseller some exceptions may be considered;

632 Failure of Contract Holder or Contract Holder's identified authorized resellers to provide purchasing
 633 information as described within this ITB;

634 Improper delivery;

635 Failure to provide a product(s) that is in conformance with the specifications referenced in the ITB;

636 Failure to provide products at prices described;

637 Failure to provide quarterly update information;

638 Delivery of a defective item without replacement;

639 Insolvency or bankruptcy;

640 Failure to protect, to repair, or to make good any damage or injury to property; or

641 Breach of any provision of the Contract.

642 **Severability**

643 If any provision of this ITB or resulting contract(s) is declared by a court to be illegal or in conflict with any law,
644 then the parties shall give effect to the balance of the ITB or resulting contract(s) to the extent possible.

645

646 **Disbarment from Participation**

647 If, within the past five (5) years, the Qualified Bidder has been disbarred, suspended, or otherwise lawfully
648 precluded from participating in any public bid activity with any federal, state, or local government, the Qualified
649 Bidder must include a letter with the bid package describing detailed information relating to the disbarment or
650 suspension.

651 Failure to supply such a letter may result in a disqualified bid or cancellation of contract.

652

653 RESPONSE PROCEDURE

654 All interested bidders must follow the procedures described within this ITB. In general, the procedure will be as
655 follows:

- 656 1) Obtain or confirm an EdDir login.
- 657 2) Complete the online Qualified Bidder Identification Number application and process.
- 658 3) Complete the online Product Line Proposal.
- 659 4) Complete and submit Formal Response to this ITB. (hardcopy to be delivered to ALSDE)

660 The purchasing activities by the individual LEA Group members with respect to the awarded contracts are
661 completed with every intention to follow current bid laws as they pertain to city and county Local Education
662 Agencies in the state. The ALSDE does not charge the LEA Group members or the participating companies to
663 participate in the program; however, certain requirements of the Contract Holders are designed to lessen the
664 burden on the administrator (ALSDE) and LEA Group members. The participants must self-monitor their
665 purchasing activities, and the awarded Contract Holder must provide information the LEA Group Members need
666 to document all purchases from the resulting contract for auditing purposes.

667 Contract information and data will be kept and maintained by Contract Holders on the ALJP website. Contract
668 Holders will be provided with a mechanism to secure at least one login for their Primary Contract Contact (PCC)
669 person. The PCC will represent the company and will perform updates to their contract information as required.

670 Education Directory (EdDir) – Logins

671 All individual companies who participate or request to participate in any ALJP activities must have authorized
672 company individual employees to obtain an [ALSDE] Education Directory login. This includes prospective
673 companies, Qualified Bidders/Contract Holders' Contract Contact(s), and Contract Holder assigned authorized
674 resellers (per awarded contract). Complete instructions for obtaining an EdDir login is available on the ALJP
675 website's Procurement section under the "Vendor links" – Vendor Login & Maintenance. Qualified Bidders must
676 read (or have read) this entire document before moving forward. It is important to note that Contract Holders
677 and Qualified Bidders in response to this ITB that choose to deploy a contract sales method that involves other
678 companies as resellers for awarded or proposed product lines must require their "ALJP Authorized Reseller"
679 contacts to obtain an EdDir login. These sales contacts must be available with a given proposal to this ITB and a
680 list of these individuals must be maintained by the awarded Contract Holder. There is no charge for this access.

681 Vendor Registry

682 The Vendor Registry contains a list of vendors/contacts that have completed the process of obtaining an EdDir
683 login. Interested Bidders may view this list to verify their employees who have properly obtained an account. If
684 your company is not represented in this list then you must obtain a Vendor Login before moving forward. Follow
685 the instructions provided on the ALJP website.

686 Multiple EdDir Logins and Maintenance

687 Participating companies must have at least one EdDir Login holder. A company may acquire additional logins for
688 their participating employees. Each participating employee must obtain their own EdDir login. Companies are
689 responsible for maintenance of these users and Contract Holders must maintain any user that is associated with
690 their contract.

691 Qualified Bidder's Application/Registry

692 All Qualified Bidders must complete and then maintain the information provided in the online Qualified Bidder's
 693 Application/Registry process. Once this form and the required attachments have been submitted, the ALSDE
 694 will verify the given information and provide a status to the submitting entity. If the minimum specifications are
 695 met by the Qualified Bidder, then the ALSDE will provide a Qualified Bidder's Identification Number (QBID) that
 696 will be used in a Qualified Bidder's response to this and any other future ALJP procurement efforts. Prior to
 697 obtaining access to this online form, an interested bidder, Primary Contract Contact, must obtain a "Vendor
 698 Login" through the EdDir process and register as an interested/potential vendor.

699 Online Product Line Proposal Submission

700 An Online Product Line Proposal is required for any response to this ITB. The Qualified Bidder will submit specific
 701 information regarding the product line they are proposing for this ITB including but not limited to, additional
 702 demographic information, the proposed product line, source for product line information for each product
 703 within the product line, and a current publically available base price source for the proposed product line. All
 704 information provided within this submission must be publically available and not developed for the ALJP
 705 response. It is understood that no final pricing information is to be provided in this submission as the final
 706 response and completed proposal will provide a proposed discount off the specified base price proposed within
 707 this phase.

708 Online Product Line Proposal Elements:

709 The following items will be collected from the Qualified Bidder seeking to respond to this ITB within the Product
 710 Line Proposal Phase:

- 711 1. Qualified Bidder Identification Number
- 712 2. Proposal Contact Information
- 713 3. Proposed Product Line
 - 714 a. Name of Product Line
 - 715 b. Source of Product Line information
 - 716 i. A website (url) that provides the LEA Group Members product information for the
 717 proposed Product Line.
 - 718 ii. Information detail for each individual product within the Proposed Product line must be
 719 provided.
 - 720 iii. Source/website must be available without a predetermined login.
 - 721 iv. Source/website must not be unique to the Qualified Bidder's response to this ITB.
 - 722 1. Website must contain no reference to any terms unique to this ALJP ITB or any
 723 previous ALJP contract.
 - 724 2. Website must have been previously available prior to any ALJP response.
 - 725 v. Source/website must be updated and made available throughout the ITB process and,
 726 in the event of an award, the awarded Qualified Bidder must maintain this website
 727 throughout the awarded contract length.
- 728 4. Source of Base Pricing for all products available within the proposed product line.
 - 729 a. As a concluding part of the Qualified Bidder's formal response to this ITB, the bidder will propose
 730 a discount on, or percent [%] off, a proposed individual product line's Base Pricing. Representing
 731 a proposed discount for each individual product price within the proposed product line. This
 732 final proposed discount percentage or any terminology indicating a proposed discount during

733 the Online Product Line Proposal **will not be allowed**. Failure to comply with this requirement
734 may disqualify the entire response.

- 735 b. Where will the LEA Group Members and their associated auditors obtain the base price for each
736 of the individual products listed in your proposed product line? This source must be a publically
737 available website or document download available for our members at all times. **The website
738 or document must be a source already in use prior to the publishing of the ALJP2016 ITB and
739 not developed exclusively for the ALJP2016 ITB response.** It cannot be a list based on some
740 other contract within the ALJP program or any external contract for the product line you may
741 hold.
- 742 c. Example of such Base Pricing sources include, but are not limited to, Manufacturer's Suggested
743 Retail Price (MSRP), Retail Price, Catalog Pricing, Online Store Pricing, Minimum Advertised
744 Pricing (MAP) Listing, List Price, Educational Pricing, or other similar pricing available to the LEA
745 Group Members and the general public without predetermined login access. Base Pricing must
746 be currently publically available and not created specifically for a response to this ITB.
- 747 d. The Base Pricing is a critical part of any response and must be provided at all times in order to
748 validate proposed ALJP pricing for the product line proposed.

749
750 5. Proposed Sales Contacts

- 751 a. Listing of Sales Contacts and/or proposed ALJP Authorized Resellers.
752 b. Each contact must be available in our Vendor Registry listing (with EdDir login).

753 6. Top 40 Educational Products of the proposed Product Line

- 754 a. List of the 40 most popular (or most sold) products for the education market.
755 i. Listing of 40 individual products of the proposed product line (from item 3 above) based
756 on Education market popularity and sales data.
757 1. Note: If more than 40 products are a part of the complete proposed product
758 line then they will be included as a part of the final response.
759 ii. If the entire number of products within the product line is less than 40, all products must
760 be listed.
761 iii. List must include Base Price for each individual product as identified in the proposed
762 Base Price source.
763 iv. **NO** final proposed ALJP pricing or discounts will be presented or indicated in this list.
764 b. Qualified Bidder must use the provided ALJP2016 ITB Top 40 Educational Products within
765 Proposed Product Line template. (ALJP2016Top40Proposed.xlsx) Renaming the file to match the
766 specified Proposal ID given ("your Proposal ID.xlsx")
767 c. This list will be used in the evaluation process as well however additional proposal pricing
768 information will be added.
769 d. This listing must remain consistent throughout the ITB process; however, products within the
770 product line may be changed as needed once a contract is in place. The awarded Qualified
771 Bidder must maintain this list throughout the contracted period.
772 e. Final ALJP pricing must be added along with remaining proposed products of the proposed
773 product line. This should be provided in both printed and digital format during the final formal
774 response ONLY.

775 7. References:

- 776 a. Provide at least five (5) K-12 educational institutions or organizations and contact information
- 777 including name, address, phone number, and a contact name with an email address. At least
- 778 three (3) of these institutions should be Alabama K-12 Local Education Agencies/Districts.
- 779 b. Provided by Qualified Bidder in attached document (no template provided).
- 780 8. Certification Statements
- 781 a. Compliance with ISO Certification requirement and maintenance of certification
- 782 b. E-Verify compliance
- 783 c. Others

784

785 This information will be openly available once the submission (only) has been approved by the ALSDE. The ALSDE
786 reserves the right to make (or not make) suggestions to Qualified Bidder's concerning the validity of their
787 submission and if such suggestions are made these suggestions will be made available to all Qualified Bidders
788 for review.

789 *Online Product Line Proposal Window*

790 This phase will be open for a predetermined period. This information is provided in the Schedule of Events
791 section of this document.

792

Initials: 

793 **FORMAL RESPONSE**

794 The Product Line Proposal Submission will be completed upon the final and formal submission of a response to
 795 this ITB. The official pricing information along with additional elements of the Qualified Bidder's formal proposal
 796 for a given product line will be merged into the Product Line Proposal Phase and the entire submission will be
 797 evaluated and compared with equal and similar product line proposals submitted by other Qualified Bidders for
 798 this ITB. The ALJP Evaluation Committee will use the Product Line Proposal Evaluation Phase to score all
 799 proposals.

811 Bid Identification

812 Each product line listed in the Product Lines Requested section of this document is to be addressed by the
 813 name of the Product Line listed. In general, reference to this Invitation to Bid as a whole will be indicated
 814 by ALJP2016.

815 All communication regarding this Invitation to Bid must be directed to the bid coordinator listed in section
 816 above.

817 All communication must be in written form through the use of Web site question submission or email if
 818 applicable.

819 All comments and questions must be made via web (visit <http://aljp.ALSDE.edu>), by the deadline specified
 820 in the schedule of events listed in Schedule of Events section. **All comments and questions made on the
 821 website tool must be entered by a registered vendor.**

822 Each communication in relation to a specific product line requested must be clearly marked with the
 823 ALJP2016- the product line name located in the Product Lines Requested section of this document entered
 824 in the subject area of the email or on the envelope. If the communication is related to the ITB in general,
 825 then use "ALJP2016 - General" as the reference for the communication.

826 The ALSDE will not be held responsible for delays or technical problems that may arise due to temporary
 827 failure of email or Web site availability.

828 In the event that the interested vendor does not have access to the Web site, all communications may be
 829 sent by email and/or regular mail but must be received by the ALSDE prior to the deadline specified in the
 830 schedule of events listed in Schedule of Events section.

831 The ALSDE will respond to all timely written communications through posting of questions and responses
 832 via Website. The Website will be available at <http://aljp.ALSDE.edu>.

833 It is the responsibility of the Qualified Bidder to monitor this site for information updates, instructions, or
 834 addendums.

835 Any information, other than the information provided in this Invitation to Bid and Website, given by the
 836 ALSDE should be considered for informational purposes only.

837 Schedule of Events:

Event	Date-Time (Central Time Zone)
ALSDE Release of ITB for Response	January 4, 2016 January 25, 2016 Extension Amendment (minor)
Optional ALJP 2016 Bidders Web Conference See ALJP Website	January 11, 2016 2:00 PM – 3:00 PM (Complete at amendment) ALJP2016 ITB Response Procedures Thursday, March 3, 2016 9:00 am Central Standard Time Register
Deadline for Questions	February 15, 2016 04:30 PM
Qualified Bidder Application Window Close	February 16, 2016 04:30 PM
Product Line Proposal Window Close	February 17, 2016 11:00 AM
Deadline for Submitting Bid(s)	February 18, 2016 5:00 PM
Public Bid Opening	February 19, 2016 9:00 AM
ALSDE and Committee Evaluation Process Begins	February 19, 2016
Awarding of Contracts	February 22, 2016
Purchasing by LEA Group May Begin	Dates to be posted on ALJP Website

838

839 Optional web conferencing session may be available and recorded for later reference.

840 Bid Conference

841 The ALSDE will not hold any formal Bid Conference. The ALSDE may provide informational sessions as needed
 842 based on the level of questions received. Interested bidders should visit the ALJP website often to verify any
 843 such meetings. These meetings will not be required.

844 The LEA Group members may choose to require a bidder's conference in their mini-bid/quote efforts. All sales
 845 contacts must visit the Mini-Quote site often for information.

846 Bid Submittal – Final Product Line Proposal Submission

847 The complete bid submittal will consist of the following elements specific to an ALJP2014 ITB Response in the
848 order listed:

849 Fully Completed ALJP2016 ITB Document (this document) Printed & Two Digitized Copies on two separate CDs.

850 Each page must be initialed.

851 Entry items must all be addressed and completed

852 Page 1 Form Completed

853 Each of the sections reserved in the “PLACEHOLDER SECTION” of this document must be
854 addressed. Provide or create the documentation requested for each section and insert those
855 pages accordingly.

856 ALJP2016 Price list

857 EXCEL Worksheet Format provided. Template (*ALJP2016Price List.xlsx*) to be provided on ALJP website.
858 THIS IS NOT TO BE SUBMITTED WITH THE ONLINE PRODUCT LINE PROPOSAL.

859 Provide a copy of completed product line price list of all products within the proposed product line on
860 the 2 CDs submitted

861 This does **not** have to be printed in full and included in Bid Package, but it **must** be located on each of the two
862 CDs and on the Potential Product Line Contract Website. The first four pages to include the “Top 40 Educational
863 Products of the Product Line” must be included (Placeholder) in the format provided and these must be printed
864 and included with hard copy response.

865 Same list as presented in the online submission of the Product Line Proposal Phase

866 Including discount and pricing information.

867 EXCEL Worksheet Provided (Template provided on ALJP website)

868 Bid Package Submission

869 Bidders are to provide a single bid package for **each product line** to be considered.

870 *Final Response Format*

871 The Qualified Bidder will provide the response in a binder (hard shell) that will have secure pockets for the
872 required CD or DVD (or similar storage device). Your response must not deviate from the format described
873 within this document.

874 Additionally, two copies of the bid submission in digitized form must also be submitted with the bid package.
875 The digitized format must include a single portable document file (or PDF) containing the complete response.
876 The two identical digital files must be submitted on two separate CDs or DVDs. The ALJP Price List and MPPL
877 spreadsheet files should also be included on each CD/DVD submitted in the provided MS Excel file format.
878 The Qualified Bidder must self-verify the files before inclusion in submitted bid package.

879 With the exception of the ALJP2016 pricing spreadsheet, the required digitized "pdf" should be a
880 single file containing all ITB response items, required documents and supporting documents as
881 deemed necessary.

882 Each securely sealed package must be clearly marked with the ALJP2016 - and the Specific Product Line.
883 (Example: **ALJP2016-Acer**) Please include a "DO NOT OPEN" message clearly on the package.

884 If package is boxed inside a carrier's box then that box should also have the ALJP ITB ID clearly visible.

885

886 *Bid Delivery Address*

887 Submitted bid packages must be mailed or hand delivered to the ALSDE using either of the following two
888 addresses:

889 Courier Mail
890 Alabama State Department of Education
891 E-Rate Section
892 **ATTENTION: Jerome Browning**
893 50 N. Ripley St.
894 5315 Gordon Persons Building
895 Montgomery, AL 36104-3833
896

897 Regular Mail
898 Alabama State Department of Education
899 E-Rate Section
900 **ATTENTION: Jerome Browning**
901 5315 Gordon Persons Building
902 P.O. Box 302101
903 Montgomery, AL 36130-2101
904

905 Submittal as described above must be made by the date and time expressed in the schedule of events. Do
906 not use any other address other than the information listed above.

907 No other format (Fax, email, etc.) will be accepted.

908

909 *Cost of Preparing Bids*

910 The ALSDE will not reimburse any cost the bidder may have in the preparation and submittal of any bid
911 package.

912 It should be noted that the use of Microsoft Word 2013/2016, Microsoft Excel 2013/2016 and Adobe Acrobat
913 Professional may be required.

914 Scanning or digitizing documents will be required.

Initials: 

915 Bidder Errors

916 *Revisions to Previously Submitted Bids*

917 Any bidder who submits a bid package and finds it needs revisions or canceling may do so via email
 918 notification to the coordinator. The ALSDE will not open sealed bids before bid opening date and time. If
 919 revisions are needed, then the bidder must notify the coordinator via email of the cancellation of current
 920 bid package and submit a new bid package **before** the deadline for submitting bids.

921 The bidder is responsible for cancelled bid package(s). The cancelled bid package(s) will remain sealed and
 922 be voided in the bid process. It will be discarded upon notification of the bidder unless bidder arranges for
 923 pick-up.

924 Bidders are responsible and liable for all errors or omissions contained in their bid packages.

925 *Invitation to Bid Amendments and Cancellation*

926 The ALSDE in conjunction with the Montgomery County School System reserves the right to amend this
 927 Invitation to Bid at any time.

928 The ALSDE also reserves the right to cancel and/or reissue this Invitation to Bid at its sole discretion.

929 Any amendments or cancellations regarding this Invitation to Bid will be made via Web site announcements
 930 (<http://aljp.ALSDE.edu>). It is the bidder's responsibility to monitor Web site for such information on a daily
 931 basis.

932 *Right to Reject Bid Packages*

933 The ALSDE reserves the right to reject any and all submitted bid packages at ALSDE discretion.

934 The ALSDE reserves the right to cancel this Invitation to Bid in its entirety.

935 Any bid package submitted, which does not meet the requirements set forth within this Invitation to Bid
 936 including the ISO requirement, will be considered a non-response and will not be considered.

937 Bidder must comply with all terms of this Invitation to Bid (ITB) and applicable State Laws, including but not
 938 limited to Title 16 Chapter 61E of the Code of Alabama 1975, and regulations (see
 939 <http://www.legislature.state.al.us/CodeofAlabama/1975/coatoc.htm>).

940 The ALSDE will reject any proposal that does not comply with all the terms, conditions, and performance
 941 requirements of this ITB.

942 In the event a product line does not receive a bid package or receives a single bid package for a specific
 943 product line, the ALSDE reserves the right to negotiate with known vendors to provide the product line to
 944 the LEA Group members.

945 *Bid Package and Public Information*

946 All bid packages and any materials submitted in response to this ITB by the bidder become the property of
 947 the ALSDE. Selection or rejection of a bid package does not affect this right.

948 All information provided by the bidder in the bid package will be available for public viewing upon
 949 request after bid opening. All responses received will be posted on the ALJP Web site.

950 By submitting a bid package, the bidder acknowledges and accepts that the full contents of the bid package
951 will be made available for public inspection.

952 **By submitting a bid package the bidder agrees to all requirements, terms, and conditions of the ITB.**

Initials: 

953 EVALUATION AND CONTRACT AWARDS

954 A Qualified Bidder's response will be evaluated and scored by the committee to determine if an award is to
955 be given. The Final Product Line Proposal for the awarded response will be promoted to a Contract denoted
956 by ALJP2016- xxxx. An official contract number will be assigned and a formal agreement document must be
957 executed. The awarded Qualified Bidder will be notified by email of award and the agreement document
958 will be attached for signatures and returned to the ALSDE promptly.

959 ALP Committee Evaluation Scoring

- 960 1. Proposed Score (100 Points Total)
- 961 a. Clear and concise Product Line (Offering) and Base Pricing Source (15)
 - 962 b. Competitive pricing to similar and/or equivalent product line responses. May include pricing
963 from current contracts as a reference. (50)
 - 964 c. Proposed pricing equal to or lower than known lowest corresponding pricing of similar or
965 equivalent products within the proposed product line. (20)
 - 966 d. Full representation of the product line offering. (15)

981 APPENDICES

Initials: 

982 ISO 9001 Clarification

983

984 The ALSDE and ALJP LEA Group Committee will remain consistent with Chapter 61E of the Code of Alabama
985 1975. It is clearly stated within the law that "The Legislature therefore desires to authorize the joint purchase
986 of information technology and competitive bidding as well as ensure quality vendors." This statement is
987 recognized by the ALSDE and Committee and we believe it is supported by the ISO-9001 certification
988 requirement within the law. The ISO-9001 certification requirement is a practical requirement to ensure our
989 schools are able to purchase information technology from quality vendors. A company/vendor having this
990 current and up-to-date certification has demonstrated, and been certified by an ISO Registrar, quality and
991 exemplary business management in terms of customer service, sound consistent business practices, and the
992 proven ability to offer services and products to the participating Alabama Public Local Education Agencies (LEA
993 Group). The Title 16 Chapter 61E of the Code of Alabama 1975 (formerly known as Alabama Act No. 2003-392),
994 signed into law on June 23, 2003 by Governor Bob Riley, is the guiding document in the creation and
995 administration of this bid and resulting contract(s).

996

997 The ALSDE's interpretation of the term "affiliates" as included in the ISO-9001 requirement stated within the
998 Title 16 Chapter 61E of the Code of Alabama 1975 that "any companies that have ISO-9001 certification or any
999 companies or contractors whose affiliates, subdivisions, subsidiaries, or departments have ISO-9001 certification
1000 can bid on the information technology to be jointly purchased." It is not the ALSDE's position to make an
1001 interpretation of a set term within a law if it is defined elsewhere in state law or federal law. The ALSDE prefers
1002 to use such related and documented definitions when available. A primary resource in the defining of the term
1003 "affiliates" is the Code of Alabama 1975, Title 6 "Civil Law", Chapter 12, and Section 6-12-2:

1004

Section 6-12-2

1005 2) AFFILIATE. A person who directly or indirectly owns or controls, is owned or controlled by, or is under common
1006 ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned"
1007 and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and
1008 the term "person" means an individual, partnership, committee, association, corporation, or any other
1009 organization or group of persons.

1010 Though this definition within the law relates to "Escrow Fund for Certain Tobacco Product Manufacturers" the
1011 ALSDE considers this definition as "our definition" of the term affiliate. This may also be considered as our
1012 defined "interpretation" of the term affiliates, if necessary.

1013 In additional support of our definition of the term affiliate, we find it is consistent with the Federal
1014 Communication Commission (FCC), in the Telecommunications Act of 1996 (available on the Internet at
1015 <http://www.fcc.gov/Reports/tcom1996.txt> located in section 3 of the document) stating the following:

1016 "The term 'affiliate' means a person that (directly or indirectly) owns or controls, is owned or controlled by, or
1017 is under common ownership or control with, another person. For purposes of this paragraph, the term "own"
1018 means to own an equity interest (or the equivalent thereof) of more than 10 percent."

1019 This definition is relational and crucial in our definition of an affiliate. One of the major purposes for the ALSDE's
1020 involvement as the administrator of the ALJP Program is to provide a state master contract for LEAs to purchase
1021 Information Technology (in accordance with Title 16 Chapter 61E of the Code of Alabama 1975). The ALJP ITBs
1022 relate to the Telecommunications Act of 1996. The Telecommunications Act of 1996 formed the program
1023 commonly known as "E-Rate" which is administered by the Universal Services Administrative Company (USAC)
1024 and the Schools & Libraries Division (SLD). This program provides various discounts on eligible services and
1025 products depending on an applicant's (LEAs and respective schools) level of poverty reflected primarily by their
1026 Free & Reduced Lunch ratios. The product lines listed in ALJP ITBs may include "E-Rate" eligible products. This
1027 provides a connection or relationship between the Telecommunications Act of 1996 and the ALJP ITBs in relation
1028 to the definition of "affiliate." The ability for our LEAs to use the ALJP resulting contract(s) will assist them by
1029 reducing their time and effort, and paperwork in making E-Rate applications for discounts by eliminating need
1030 required Form 470 which is basically the bidding process required by USAC and the FCC.

1031 A similar definition can be found in the Gramm-Leach-Bliley Act 15 USC, Subchapter I, Sec. 6801-6809 available
1032 on the Internet at <http://www.ftc.gov/privacy/glbact/glbsub1.htm#6809> Disclosure of Nonpublic Personal
1033 Information provided by the Federal Trade Commission the definition of affiliate as:

1034 (6) Affiliate

1035 The term "affiliate" means any company that controls, is controlled by, or is under common control with another
1036 company.

1037 As a result of this analysis, the ALSDE and Committee will remain consistent with the ISO-9001 requirement that
1038 "any companies that have ISO-9001 certification or any companies or contractors whose affiliates, subdivisions,
1039 subsidiaries, or departments have ISO-9001 certification can bid on the information technology to be jointly
1040 purchased..." as it is written with the definition (or clarification) of "affiliates" as:

1041 AFFILIATE. A person who directly or indirectly owns or controls, is owned or controlled by, or is under common
1042 ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned"
1043 and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and
1044 the term "person" means an individual, partnership, committee, association, corporation, or any other
1045 organization or group of persons. (Code of Alabama 1975, Title 6 "Civil Law", Chapter 12).

1046 The terms subdivisions, subsidiaries, and departments will be considered synonymously with affiliates. It is also
1047 important to understand that a company that is not ISO-9001-certified that simply purchases products listed in
1048 the product line listing (modified in Item #2) from an ISO-9001 Certified Manufacturer/Publisher for resell, does
1049 not meet the affiliates definition. If a bid is submitted by a company or contractor that is not ISO-9001-certified
1050 and is not affiliated with an ISO-9001-certified entity (see definition of "affiliate" above) it (the bid package) will
1051 be disqualified as not meeting the criteria set forth in Title 16 Chapter 61E of the Code of Alabama 1975, signed
1052 into law on June 23, 2003 by Governor Bob Riley, is the guiding document in the creation and administration of
1053 this bid and resulting contract(s).

1054 However, if the bidding company does meet ISO-9001 certification requirement, then that company, if awarded
1055 the contract, can name authorized resellers that could include companies that do not meet the ISO-9001 or
1056 affiliate requirement. An authorized reseller of a product line manufactured/published does not automatically
1057 meet the definition of an affiliate. Authorized resellers can be removed by awarded company in accordance
1058 with their definition of an authorized reseller.

1059 The **bidding company/vendor listed on the cover page must meet the ISO-9001 certification** or be a vendor
1060 who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control
1061 with, another vendor of which the ownership represents 10% equity of a company that is currently ISO-9001-
1062 certified. If there is an affiliated relationship and the awarded vendor does not actually hold the certification,
1063 the bidder must include documentation of proof that the bidding vendor has an affiliation or is a subdivision,
1064 subsidiary, or department of a company that does have a ISO-9001 certification, in accordance to the definition
1065 stated above, including a letter of qualification on the ISO-9001. This letter should be on the ISO-9001-certified
1066 company's letterhead and signed by an authorized official of the company as well as notarized. The content of

1067 the letter should describe the relation between the two companies and how the definition of affiliate is met
1068 including a description of the ownership or control. An ISO-9001 certificate should be included and in the "iso
1069 CERTIFICATION INFORMATION" area on the cover page, the certifying company's information should be entered. Adjacent
1070 to the title of that section the bidder will include a statement that identifies the relation to the certified company.
1071 This statement should read: In Affiliation With..., Subdivision of ..., Subsidiary of ..., or A Department of (Ex:
1072 *In Affiliation with XYZ Corp.*).

AGREEMENT

Vendor Company Name: _____

Vendor's State of Incorporation: _____

I. General Stipulations

For mutual consideration, the Alabama State Department of Education and VENDOR, do fully understand and agree to the below rendition of facts and law that support the need for the following agreement. VENDOR, recognizes, accepts, and agrees with the Alabama State Department of Education to the following:

Section 16-61E-2 Code of Alabama (1975) permits school districts to enter joint purchasing agreements for the lease or purchase of "information technology" defined as "equipment, supplies, and other tangible personal property, software, services, or any combination of the foregoing, used to provide data processing, networking, or communications services." As a result, the Montgomery County Public School System and other educational institutions across the State of Alabama have entered into as many separate joint purchasing agreements where each agree with one another to purchase or lease information technology for their respective schools. These schools, to-wit: the Local Education Agencies (LEAs) listed on the contract administrator website, and hereinafter referred to as LEA Group Members, have entered into the aforesaid joint purchasing agreements for the purpose of competitive bidding and purchasing and/or leasing of information technology and in each respective joint purchasing agreement have expressly authorized the ALSDE as its Joint Purchasing Administrator. Additionally, state law allows the Administrator, ALSDE, to be responsible for issuing the Invitation to Bid, evaluating the bids received, and awarding the contract.

This document is the resulting contract by and between VENDOR, with its principles offices at Address, City, ST, Zip hereinafter referred to as "Vendor" and the State of Alabama, acting for purposes of this Contract through its State Department of Education (ALSDE) with its offices at Montgomery, AL. This contract is in complete accord with Section 16-61E-2 Code of Alabama (1975) and Invitation to Bid (ITB) ALJP2016 and vendor's response to ITB ALJP2016. Inasmuch as the correct and proper invitation and evaluation of bids have been followed by all parties, the Vendor has been awarded this contract by the ALSDE. This agreement between ALSDE and Vendor will facilitate and administer the purchasing or leasing of information technology. This contract is effective (Start Date) and continues until (First End Date). The ALSDE, at its own discretion, will extend the length of this contract for various periods not to exceed a period of 36 months for the total life of the contract. The resulting contract will, without written notification, automatically renew on an annual basis unless the ALSDE declines to renew the resulting contract for the additional periods. In the event that an annual full or partial renewal is not offered, the ALSDE will notify the Contract Holder in writing 60 days prior to the renewal expiration date.

In consideration of the various sums and rates listed in the attachments made part of this agreement, the Vendor agrees to provide the product line of Product Line consisting of but not limited to, Description for the purchasing of the aforesaid LEA Group Members in accordance to Section 16-61E-2 Code of Alabama (1975). Additionally, the Vendor agrees to abide by the terms and conditions expressed below by the ALSDE, Administrator of these joint purchasing agreements.

Initials:

115 II. Conditions of Administration
 1116

- 1117 (1) The Vendor will be required to maintain and keep current the required ISO Certification required
 1118 for the life of this contract.
 1119 (2) The Vendor will be required to maintain and keep current the Product Line Product Offering &
 1120 Base Pricing source as submitted.
 1121 (3) The Vendor will be required to maintain and keep current the required elements on the ALJP
 1122 Website and on the Vendor developed Product Line Contract Website located at the web
 1123 address within the Vendor's awarded response.
 1124 (4) The Vendor will combine base pricing from the Product Line Product Offering & Base Pricing
 1125 source and the awarded discount information to maintain the ALJP Price List and updates this
 1126 file to be located on the Product Line Contract Website. The Vendor will notify the ALSDE of this
 1127 or any changes to information on the Product Line Contract Website with a short description of
 1128 the change(s) via an email to aljp@ALSDE.edu. ALSDE requires that only the awarded branded
 1129 products be included on the ALJP Price Listing.
 1130 (5) The ALSDE will use the awarded Product Line Product Offering & Base Pricing source and
 1131 Discount(s) to verify the ALJP Pricing submitted and the prices quoted by listed Sales Contacts
 1132 and/or an online ordering website (if applicable).
 1133 (6) The Ordering Instructions will be provided by the Vendor through the Vendor developed Product
 1134 Line Contract Website. The Vendor is responsible for keeping the ALSDE informed of any
 1135 changes to the Ordering Instructions and shall keep all information accurate and current.
 1136 (7) The Vendor must provide quarterly contract activity and other reports to the ALSDE as described
 1137 within ITB#ALJP2016.
 1138 (8) The LEA Group Members, Vendor or the Vendor assigned Authorized Resellers will be required
 1139 to reference any quotes, purchase orders or other documentation issued as a result of the
 1140 contract by identifying the same with "Contract #ALJP2016-xxxx" for audit purposes.
 1141 (9) The Vendor and its Authorized Resellers (if applicable) will provide purchase order information
 1142 from all sales activity as directed by the ALSDE.
 1143 (10) In accordance with Section 16-61E-2 Code of Alabama (1975), each LEA Group Members shall
 1144 pay its share of expenditures for purchases under this agreement in the manner as it pays other
 1145 expenses of the LEA.
 1146 (11) The ALSDE will not issue purchase orders for the LEA Group Members but will only administer
 1147 the program for the LEA Group Members. Purchase orders will be initiated by the individual LEA
 1148 Group Member and Vendor or Reseller (per Vendor's instructions).
 1149 (12) The ALSDE in addition to monitoring and oversight, may also purchase, with the consent of the
 1150 Director of Finance or his or her designee, from ALJP contracts when purchases are necessary
 1151 to maintain statewide application and compatibility.
 1152
 1153 (13) By signing this agreement the Vendor agrees to the terms set forth within the "Alabama State
 1154 Department of Education Invitation to Bid ALJP2016" to provide branded **productline** products
 1155 consisting of but not limited to, **pldescription**. Further, after signature of an authorized
 1156 **Company** official and return of the Agreement to ALSDE at the address provided in ITB
 1157 #ALJP2014, this agreement shall be considered in force and effect.

1158 III. Contract Disputes.

1159 (1) Dispute Resolution. The parties shall attempt, in good faith, for a period of not less than
1160 thirty (30) days to resolve any controversy, claim, or dispute arising out of this Agreement
1161 through negotiations. Furthermore, should the parties be unable to resolve any disputes
1162 arising under the terms of this Contract, the parties hereto agree, in compliance with the
1163 recommendations of the Governor and Attorney General, when considering settlement of
1164 such disputes, to utilize appropriate forms of non-binding alternative dispute resolution
1165 including, but not limited to, mediation by and through the Attorney General's Office of
1166 Administrative Hearings or where appropriate, private mediators.

1167
1168 (2) Termination by the State. This Contract may be terminated by the State for Default, as
1169 follows:

1170
1171 a. Termination for Default. The State shall have the right to terminate this
1172 Contract for Default by (Vendor) upon thirty (30) day written notice. A
1173 Default shall be deemed to have occurred if (Vendor) breaches any
1174 primary obligations, terms or conditions of this Contract and fails to cure
1175 such breach within thirty (30) days after receipt of written notice from the
1176 State concerning such breach.

1177
1178 b. Termination for Vendor Bankruptcy. To the extent permitted by
1179 applicable law, in the event of the filing of a petition in bankruptcy by or
1180 against Vendor, which is not dismissed within thirty (30) days, the State
1181 shall have the right to terminate this Contract upon ten (10) days advance
1182 written notice.

1183 IV. Miscellaneous.

1184
1185 (1) If any provision of this Contract is invalid or unenforceable under any applicable statute
1186 or rule of law, this Contract shall be enforced to the maximum extent possible to
1187 effectuate the original express intent of the parties.

1188
1189 (2) The person executing this Contract on behalf of a party represents that he/she is
1190 authorized to sign this Contract on behalf of such party and warrants that he/she has full
1191 power to enter into this Contract on behalf of such party.

1192
1193 (3) Any and all notices shall be sent by United States First Class or Certified Mail or by a
1194 courier service furnishing proof of delivery (postage and delivery prepaid) to the
1195 addresses for the parties set forth below. Either party may change its notice address by
1196 notifying the other in like manner.

- (4) This Contract shall be governed by and construed in accordance with the laws of the State of Alabama.
- (5) This Contract shall be administered on behalf of the State by the ALSDE.
- (6) Neither party shall use the name of the other for any commercial purpose without the prior written consent of the other, except that Vendor may, without prior written consent, identify the State in reference listings as a client of Vendor, if such identification does not include the State's endorsement of the services of Vendor.

SAMPLE

(7) This Contract, together with the bid response hereto, constitutes the complete and entire agreement between the parties. This Contract supersedes all prior discussions, understandings, arrangements and negotiations between the parties with respect to the subject matter of this Contract. The terms and conditions of this Contract shall prevail notwithstanding any variance with the terms and conditions of any order submitted with respect to the Support Services, equipment, supplies or any related services provided in this Contract. This Contract shall not be modified, amended, rescinded, canceled or waived in whole or in part without the written agreement signed by both parties.

V. Required State Provisions.

- (1) It is understood that there is no entitlement to any State Merit System benefits to anyone working under the terms of this Contract.
- (2) Notwithstanding any provision within this Contract to the contrary, no travel is to be paid by the State under this Contract unless approved in advance by the State Superintendent and agreed for reimbursement to the State by the State Finance Director.

Initials: 

- 1246 (3) The State Superintendent of Education, through his designated representatives, will
1247 sponsor and approve the purposes, administration, and supervision of all phases of the
1248 services to be provided.
- 1249
- 1250 (4) The initial duration of this agreement is start date, through with aforementioned
1251 extensions. Either party upon receipt of a 30-day written notification may terminate the
1252 agreement.
- 1253
- 1254 (5) It is agreed that the terms and commitments contained herein shall not be constituted as
1255 debt of the State of Alabama in violation of Article II, Section 213 of the Constitution
1256 of Alabama, 1901, as amended by Amendment Number 26. It is further agreed that if
1257 any provision of this Contract shall contravene any statute or Constitutional provision or
1258 amendment, either now in effect or which may, during the course of this Contract, be
1259 enacted, then that conflicting provision in the Contract shall be deemed null and void.
1260 The contractor's sole remedy for the settlement of any and all disputes arising under the
1261 terms of this agreement shall be limited to the filing of a claim with the Board of
1262 Adjustment for the State of Alabama.
- 1263
- 1264 (6) This agreement is subject to termination in the event of proration of the fund from which
1265 payment under this agreement is to be made.
- 1266
- 1267 (7) Neither party shall have the right to assign or transfer its rights or obligations under this
1268 contract without the consent of the other party.
- 1269
- 1270 (8) All funds paid under the terms and conditions of this Contract shall be used for purposes
1271 permitted and consistent with Alabama law.
- 1272
- 1273 (9) BEASON-HAMMON ALABAMA TAXPAYER AND CITIZEN PROTECTION ACT
1274 (ACT 2011-535) ALABAMA LAW (ACT 2011-535) PROVIDES THAT AS A
1275 CONDITION FOR THE AWARD OF ANY CONTRACT BY THE STATE TO A
1276 BUSINESS ENTITY OR EMPLOYER THAT EMPLOYS ONE OR MORE
1277 EMPLOYEES, THE EMPLOYER SHALL PROVIDE DOCUMENTATION
1278 ESTABLISHING THAT THE BUSINESS DOES NOT KNOWINGLY EMPLOY, HAS
1279 NOT HIRED FOR EMPLOYMENT, NOR WILL IT CONTINUE TO EMPLOY AN
1280 UNAUTHORIZED ALIEN, AS THAT TERM IS DEFINED IN ALABAMA ACT 2011-
1281 535. BY SIGNING THIS AGREEMENT AND BY REFERENCE IN SUBMITTED BID
1282 RESPONSE, COMPANY HEREBY CERTIFIES THAT THEY ARE IN FULL
1283 COMPLIANCE WITH ACT 2011-535 AND ACKNOWLEDGES THAT THE
1284 AWARDDING AUTHORITY WILL DECLARE THIS AGREEMENT VOID IF THE
1285 CERTIFICATION IS NOT VALID. DOCUMENTATION OF ENROLLMENT IN THE
1286 E-VERIFY PROGRAM WILL BE REQUIRED. FAILURE TO PROVIDE
1287 DOCUMENTATION WITHIN 5 CALENDAR DAYS OF NOTIFICATION BY THE
1288 ALSDE WILL RESULT IN THE VOID OF THIS AGREEMENT. TO ENROLL IN

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS), **Samsung Electronics America, Inc.** (Employer), and **HireRight, Inc. (v21)** (E-Verify Employer Agent) regarding the Employer's and E-Verify Employer Agent's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), the Employer, and the E-Verify Employer Agent. References to the Employer include the E-Verify Employer Agent when acting on behalf of the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts or to verify the entire workforce if the contractor so chooses.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor with the FAR E-Verify clause") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer (through the E-Verify Employer Agent) with available information that will allow the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide the Employer and E-Verify Employer Agent appropriate assistance with operational problems that may arise during the Employer's participation in E-Verify. SSA agrees to provide the E-Verify Employer Agent with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.

Company ID Number: 11557
Client Company ID Number: 659301

3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and non-citizens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Employer (through the E-Verify Employer Agent) access to selected data from DHS's database to enable the Employer (through the E-Verify Employer Agent) to conduct, to the extent authorized by this MOU:
 - Automated verification checks on employees by electronic means, and
 - Photo verification checks (when available) on employees.
2. DHS agrees to provide to the Employer and E-Verify Employer Agent appropriate assistance with operational problems that may arise during the Employer's participation in E-Verify. DHS agrees to provide the E-Verify Employer Agent names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.
3. DHS agrees to make available to the Employer (through the E-Verify Employer Agent), at the E-Verify Web site and on the E-Verify Web browser, instructional materials on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.
4. DHS agrees to provide to the Employer (through the E-Verify Employer Agent) a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer (through the E-Verify Employer Agent) anti-discrimination

Company ID Number: 11557
Client Company ID Number: 659301

notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the E-Verify Employer Agent a user identification number and password that will be used exclusively by the E-Verify Employer Agent, on behalf of the Employer, to verify information provided by employees with DHS's databases.
6. DHS agrees to safeguard the information provided to DHS by the Employer (through the E-Verify Employer Agent), and to limit access to such information to individuals responsible for the verification of employees' employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.
7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government workdays of the initial inquiry.
8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS (through the E-Verify Employer Agent) in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.
3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual. The Employer will obtain the E-Verify User Manual from the E-Verify Employer Agent.
4. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:
 - If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish

Company ID Number: 11557
Client Company ID Number: 659301

identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 1-888-464-4218.

- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The photocopy must be of sufficient quality to allow for verification of the photo and written information. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.
5. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 4 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in good faith compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 and E-Verify system compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.
 6. The Employer agrees to initiate E-Verify verification procedures (through the E-Verify Employer Agent), for new employees within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual, or in the case of Federal contractors with the FAR E-Verify clause, the E-Verify User Manual for Federal Contractors. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. Employers may initiate verification, through the E-Verify Employer Agent, by notating the Form I-9 in circumstances where the

Company ID Number: 11557
Client Company ID Number: 659301

employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer (through the E-Verify Employer Agent) performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

7. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify (through its E-Verify Employer Agent) for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses the E-Verify system for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.
8. The Employer (through its E-Verify Employer Agent) agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees in private of the finding and providing them written notice of the findings, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.
9. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work, or otherwise mistreating an employee) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final

Company ID Number: 11557
Client Company ID Number: 659301

nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

10. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA, as applicable, by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).
11. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.
12. The Employer agrees that it will use the information it receives from SSA or DHS (through the E-Verify Employer Agent) pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.
13. The Employer acknowledges that the information which it receives through the E-Verify Employer Agent from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.
14. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

Company ID Number: 11557
Client Company ID Number: 659301

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

1. The Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any existing employee assigned to the contract and all new hires, as discussed in the Supplemental Guide for Federal Contractors. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.
 - a. Federal contractors with the FAR E-Verify clause agree to become familiar with and comply with the most recent versions of the E-Verify User Manual for Federal Contractors and the E-Verify Supplemental Guide for Federal Contractors.
 - b. Federal contractors with the FAR E-Verify clause agree to complete a tutorial for Federal contractors with the FAR E-Verify clause.
 - c. Federal contractors with the FAR E-Verify clause not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor with the FAR E-Verify clause in E-Verify within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor with the FAR E-Verify clause, the Employer must initiate verification of employees assigned to the contract within 90 calendar days from the time of enrollment in the system and then selecting which employees will be verified in E-Verify or within 30 days of an employee's assignment to the contract, whichever date is later.
 - d. Employer that are already enrolled in E-Verify at the time of a contract award but are not enrolled in the system as a Federal contractor with the FAR E-Verify clause: Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. Employers enrolled in E-Verify as other than a Federal contractor with the FAR E-Verify clause, must update E-Verify to indicate that they are a Federal contractor with the FAR E-Verify clause within 30 days after assignment to the contract. If the Employer is enrolled in E-Verify for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days

Company ID Number: 11557
Client Company ID Number: 659301

after the date of hire. An Employer enrolled as a Federal contractor with the FAR E-Verify clause in E-Verify must initiate verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

- e. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors with the FAR E-Verify clause that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors with the FAR E-Verify clause may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II, part D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local, tribal governments, and sureties.
- f. Verification of all employees: Upon enrollment, Employers who are Federal contractors with the FAR E-Verify clause may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only new employees and those existing employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.
- g. Form I-9 procedures for existing employees of Federal contractors with the FAR E-Verify clause: Federal contractors with the FAR E-Verify clause (through their E-Verify Employer Agent) may choose to complete new Forms I-9 for all existing employees other than those that are completely exempt from this process. Federal contractors with the FAR E-Verify clause may also update previously completed Forms I-9 to initiate E-Verify verification of existing employees who are not completely exempt as long as that Form I-9 is complete (including the SSN), complies with Article II.C.4, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.4, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.4, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.4, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent

Company ID Number: 11557
Client Company ID Number: 659301

to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.4, subject to any additional or superseding instructions that may be provided on this subject in the Supplemental Guide for Federal Contractors. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor with the FAR E-Verify clause.

2. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

E. RESPONSIBILITIES OF THE E-VERIFY EMPLOYER AGENT

1. The E-Verify Employer Agent agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the E-Verify Employer Agent representatives who will be accessing information under E-Verify.
2. The E-Verify Employer Agent agrees to become familiar with and comply with the E-Verify User Manual and provide a copy of the manual to the Employer so that the Employer can become familiar with and comply with E-Verify policy and procedures.
3. The E-Verify Employer Agent agrees that any E-Verify Employer Agent Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.
 - a. The E-Verify Employer Agent agrees that all E-Verify Employer Agent representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify, including any tutorials for Federal contractors if the Employer is a Federal contractor.
 - b. Failure to complete a refresher tutorial will prevent the E-Verify Employer Agent and Employer from continued use of the program.
4. The E-Verify Employer Agent agrees to obtain the necessary equipment to utilize E-Verify.
5. The E-Verify Employer Agent agrees to provide the Employer with the notices described in Article II.B.4 above.
6. The E-Verify Employer Agent agrees to initiate E-Verify procedures on behalf of the Employer in accordance with the E-Verify Manual and E-Verify Web-Based Tutorial. The E-Verify Employer Agent will query the automated system using information provided by the Employer and will immediately communicate the response back to the Employer. If the automated system to be queried is temporarily unavailable, the 3-day

Company ID Number: 11557
Client Company ID Number: 659301

time period is extended until it is again operational in order to accommodate the E-Verify Employer Agent's attempting, in good faith, to make inquiries on behalf of the Employer during the period of unavailability. In all cases, the E-Verify Employer Agent will use the SSA verification procedures first, and will use DHS verification procedures only as directed by the SSA verification response.

7. The E-Verify Employer Agent agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer (through the E-Verify Employer Agent), will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer (through the E-Verify Employer Agent) within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.
4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

Company ID Number: 11557
Client Company ID Number: 659301

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.
2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.
4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.
5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.
6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer (or the E-Verify Employer Agent) will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:
 - Scanning and uploading the document, or
 - Sending a photocopy of the document by and express mail account (paid for at employer expense).
7. If the Employer (through the E-Verify Employer Agent) determines that there is a photo non-match when comparing the photocopied List B document described in Article II.C.4 with the image generated in E-Verify, the Employer (through the E-Verify Employer Agent) must forward the employee's documentation to DHS using one of the means described in the preceding paragraph, and allow DHS to resolve the case.

ARTICLE IV

SERVICE PROVISIONS

Company ID Number: 11557
Client Company ID Number: 659301

The SSA and DHS will not charge the Employer or the E-Verify Employer Agent for verification services performed under this MOU. DHS is not responsible for providing the equipment needed to make inquiries. A personal computer with Internet access is needed to access the E-Verify System.

ARTICLE V

PARTIES

- A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual, the E-Verify User Manual for Federal Contractors, or the E-Verify Supplemental Guide for Federal Contractors. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials. An Employer that is a Federal contractor with the FAR E-Verify clause may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor with the FAR E-Verify clause must provide written notice to DHS. If an Employer that is a Federal contractor with the FAR E-Verify clause fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to participants that are not Federal contractors with the FAR E-Verify clause, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
- B. Notwithstanding Article V, part A of this MOU, DHS may terminate access to E-Verify if it is deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the E-Verify Employer Agent or the Employer, or a failure on the part of either to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, termination of this MOU by any party for any reason may negatively affect the Employer's performance of its contractual responsibilities.
- C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.
- D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the E-Verify Employer Agent, the Employer, or their agents, officers, or employees.

Company ID Number: 11557
Client Company ID Number: 659301

- E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the E-Verify Employer Agent or the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the E-Verify Employer Agent or the Employer.
- F. Participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).
- G. The foregoing constitutes the full agreement on this subject between DHS, the Employer and the E-Verify Employer Agent.

Samsung Electronics America, Inc. (Employer) hereby designates and appoints **HireRight, Inc. (v21)** (E-Verify Employer Agent), including its officers and employees, as the E-Verify Employer Agent for the purpose of carrying out **Samsung Electronics America, Inc.** (Employer) responsibilities under the MOU between the Employer, the E-Verify Employer Agent, and DHS.

Company ID Number: 11557
 Client Company ID Number: 659301

The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer, the E-Verify Employer Agent and DHS respectively.

If you have any questions, contact E-Verify at 1-888-464-4218.

Number of Employees: 1,000 to 2,499

- 1320 Supplemental Agreements & Licensing (If Applicable)
- 321 Insert any such agreements and include an explanation of the requirement.

Initials: 

Supplemental Agreements & Licensing:

Samsung Electronics America, Inc. has no supplemental agreements & Licensing to provide at this time.

1322 Warranty Information - Required
323 See page 18 & 19

Initials: 

Warranty:

All products offered as part of the ALPJ 2016 contract come with a minimum of a standard one year warranty. Some products will come with more than one year such as desktop displays, large format displays, solid state drives and HTV's. For complete warranty information regarding a specific product please visit www.samsung.com/business, input the product number and click on services and support for warranty information. You may also contact 1.866.SAM.4BIZ for warranty information.

1324 Shipping & Delivery Information - Required
325 See page 19

Initials: 

Shipping & Delivery:

All products offered as part of the ALPJ 2016 contract standard ground shipment of FOB Destination is included in the price offered. Any other method of shipment will be at the expense of the ALJP members. This includes expedited, air or overnight shipping. All quotes will reflect the standard shipping included in the product pricing, any other shipping method the quote will reflect the additional shipping charges the ALJP member will incur if shipped via that method.

1326 **Base Price Source Documentation - Required**

1327 Begins on page 19. Provide documentation of the proposed Base Price Source. This can be screenshots, or digital
1328 file printed and inserted here.

Sustainability:

Our award-winning products include innovations that minimize the impact on our natural resources and help consumers reduce their carbon footprint. We also provide convenient ways for consumers to recycle their old electronics. From mobile phones to monitors, we make it easy to be green with fixed recycling drop-off locations across the nation. Samsung vows to protect the environment by continuing to manufacture eco-conscious products and helping you to recycle them responsibly. For more information please visit our Sustainability website at , link below.

Our Values:

We believe that living by strong values is the key to good business. That’s why these core values, along with a rigorous code of conduct, are at the heart of every decision we make.

People

Quite simply, a company is its people. At Samsung, we’re dedicated to giving our people a wealth of opportunities to reach their full potential.

Excellence

Everything we do at Samsung is driven by an unyielding passion for excellence—and an unfaltering commitment to develop the best products and services on the market.

Change

In today's fast-paced global economy, change is constant and innovation is critical to a company's survival. As we have done for 70 years, we set our sights on the future, anticipating market needs and demands so we can steer our company toward long-term success.

Integrity

Operating in an ethical way is the foundation of our business. Everything we do is guided by a moral compass that ensures fairness, respect for all stakeholders and complete transparency.

Co-Prosperity

A business cannot be successful unless it creates prosperity and opportunity for others. Samsung is dedicated to being a socially and environmentally responsible corporate citizen in every community where we operate around the globe.

Samsung Vision 2020:

Samsung Electronics' vision for the new decade is to "Inspire the World, Create the Future."

We are committed to inspiring communities around the world by developing new technologies, innovative products and creative solutions. We are also committed to creating a brighter future by developing new value for our core networks: industry, partners and employees. Through these efforts, we hope to contribute to a better world and a richer experience for all.

As part of our new vision, we have mapped out a specific plan of reaching \$400 billion in revenue and becoming one of the world's top five brands by 2020. To this end, we have also established three strategic approaches in our management: creativity, partnership and talent.

We are excited about the future. As we build on our previous accomplishments, we look forward to exploring new territories, including health, medicine and biotechnology. We are committed to being a creative leader in new markets and becoming a truly No. 1 business going forward.
