

Keep your team and devices charged up.

Presenting the Galaxy XCover Pro / RAM Mounts Charging Dock Solution

Charge up to six Galaxy XCover Pro devices at once. The RAM Mounts multi-port charger keeps up to six Galaxy XCover Pro devices charged in a minimum of space. It's ideal for teams with multiple users of devices, and allows greater staggered-shift workflow, as well as plug-and-play device rollout. There are versions to fit Galaxy XCover Pro devices that have no cases, OtterBox uniVERSE cases and RAM IntelliSkin cases. Charging is via secure pogo pins, which helps preserve USB Type-C port life. RAM Mounts are durable and designed to last, and are backed by a 3-year warranty.

Why this solution?

Keep your team ready to go
Charging six devices at once helps keep entire work shifts charged and ready to work.

Secure pogo pin charging
Pogo pins ensure a secure connection, while preserving USB Type-C port life.

Charge without removing cases
Available in uniVERSE-compatible, IntelliSkin-compatible and no-case compatible versions.

Specifications	Galaxy XCover Pro	
Part Numbers	Unlocked: SM-G715UZKDXAA Verizon: SM-G715UZKDVZW	
Color	Black	
Operating System	Android 10.0 (Q)	
CPU	Exynos 9611	
Processor	Quad 2.3GHz + Quad 1.7GHz Octa Core	
Memory ¹	4GB RAM	
Storage ^{2,3}	64GB, Expandable to 512GB with microSD	
Display	Screen Size 6.3"/ FHD+TFT, Gorilla Glass 5
