

One remote, that's all you need to control compatible devices connected via HDMI to Samsung 2017 QLED and UHD TV models. And the OneRemote (and TV itself) are so smart, they will do the set-up and programming for you.

OneRemote Replaces the Many

Feature

Benefit

Voice Control

- Shortens interaction time with remote with simple voice commands, like "tune to channel 13", "volume up", or even adjust picture settings "backlight 20".

OSD Hot Key

- Expands functionality of connected devices with On-Screen Display.

Auto Input Recognition

- Simplifies system set-up and configuration.
- Alleviates the confusion of remembering which device is connected to which input.

QLED TV Premium OneRemote

- QLED owners will experience an elegantly designed remote for a more Elite look and feel.

Voice Control

What is it?: Pressing the microphone button on the OneRemote allows control of TV functions using voice commands.

OSD Hot Key

What is it?: Launches an On Screen Display with options for compatible devices connected to the TV via HDMI.

Auto Input Recognition

What is it?: When connecting compatible devices via HDMI, automatic recognition will activate proper control codes in the OneRemote and rename the TV input.

QLED Premium OneRemote

What is it?: The OneRemote included with 2017 QLED TV's comes with a more premium metallic silver finish.

* Compatible devices only. All devices must be on the same network and internet connection is required.
