Mounting the TV on a wall

If you mount this TV on a wall, follow the instructions exactly as set out by the manufacturer. Unless it is correctly mounted, the TV may slide or fall and cause serious injury to a child or adult and serious damage to the TV.

For models providing wall mount adapters, install them as shown in the figure below before installing the wall mount kit.

- Refer to the installation manual included with the Samsung wall mount kit.

- Samsung Electronics is not responsible for any damage to the product or injury to yourself or others if you choose to install the wall mount on your own.
- To order the wall mount kit, contact Samsung Customer Care at 1-800-SAMSUNG (1-800-726-7864).
- You can install your wall mount on a solid wall perpendicular to the floor. Before attaching the wall mount to surfaces other than plaster board, contact your nearest dealer for additional information. If you install the TV on a ceiling or slanted wall, it may fall and result in severe personal injury.
- When installing a wall mount kit, we recommend you fasten all four VESA screws.
- If you want to install a wall mount kit that attaches to the wall using two top screws only, be sure to use a Samsung wall mount kit that supports this type of installation. (You may not be able to purchase this type of wall mount kit, depending on the geographical region.)
- Standard dimensions for wall mount kits are shown in the table below.
- If you are installing a third-party wall mount, note that the length of the screws you can use to attach the TV to the wall mount is shown in column C in the table below.

03 Initial Setup

When you turn on your TV for the first time, it immediately starts the Initial Setup. Follow the instructions displayed on the screen and configure the TV's basic settings to suit your viewing environment.

- Noise may occur temporarily when the TV communicates with mobile devices.

Using the TV Control Stick

You can use the **Control Stick** on the bottom of the TV instead of the remote control to control most of the functions of your TV. While watching TV, you can change the channel by pressing the up and down directional buttons on the **Control Stick** or adjust the volume by pressing the left and right directional buttons. Press the  button on the **Control Stick** to display the **Control menu**.

To run an item on the menu, press the directional buttons on the **Control Stick** to move the focus to the item, and then press the  button on the **Control Stick**.

- The screen may dim if the protective film on the SAMSUNG logo or the bottom of the TV is not detached. Please remove the protective film.

Control Stick / Remote control sensor

- Press  button: Display the **Control menu**. / Select or run a focused item on the menu.
- Press and hold  button: Returns to the previous menu.
- Up/Down button: Changes the channel.
- Left/Right button: Changes the volume.

The **Control Stick** is located on the bottom of the TV.
